Economic Analysis of Agricultural Projects James Price Gittinger,1972      *Economic Analysis of Agricultural Projects* J. Price Gittinger,1980      *The World Bank and the Poor* A. van de Laar,1980-05-31 The authors of a recent textbook on the Economics of Development P A Yotopoulos and J B Nugent 1976 chose as the title of their first chapter The Record of Economic Development and Disillusionment with Development Economics It is striking that dissatisfaction with this young branch of the tree of economics has become so strong that a textbook treatment of the subject matter takes Disillusionment as its point of departure True the Disillusionment chapter is followed by many other chapters there is after all some thing to be said on development economics that is worth saying but the wording has changed and frequently the focus as well in comparison to the development economics of the 1950s and sixties Dissatisfaction and disillusionment may be interpreted optimistically as an inevitable stage in the coming of age process of development economics Others may say that the search for a new paradigm is the core of the problem At any rate there is no room for complacency It cannot be denied that at least part of the early development theory came into being as a justification ex post of policy measures that for a variety of reasons were judged desirable or essential      **The Economics of Project Analysis** William Augustus Ward,Barry J.
