Justice Nyigmah Bawole, Farhad Hossain, Asad K. Ghalib, Christopher J. Rees, Aminu Mamman, 2016-10-04 Despite significant financial investments the rate of development and pace of poverty reduction in developing and transitional countries has not always matched expectations Development management typically involves complex interactions between governmental and non governmental organisations donors and members of the public and can be difficult to navigate This volume brings together a group of international contributors to explore the theoretical and empirical underpinnings of development management and to consider the prospects and challenges associated with it in the context of both developing and transitional countries Referring to dominant norms and values in public and developmental organisations development management is tied up with the attitudes and perceptions of various stakeholders including government officials public sector managers aid workers donors and members of the public Attempting to make sense of complex interactions between these actors is highly problematic and calls for new approaches models and insights Based on cutting edge research the chapters challenge much of the previous discourse on the subject and evaluate the challenges and opportunities that it presents Development Management offers academics researchers and practitioners of public administration business and management international development and political science a comprehensive and state of the art review of current research on development management in the context of developing and transitional countries **Islamic Economics, Growth and**

Development Mustafa Metin Başbay, 2025-09-01 The study of economic development is inherently grounded in philosophical and ethical assumptions In other words to discuss economic development either at a conceptual level or as a real process necessitates an ethical and philosophical basis The authors of this book believe that Islamic economics can serve as such a basis one that emanates from Islamic principles and values This book presents a distinctive ethical and philosophical framework one that is grounded in Islamic principles and the established literature of Islamic economics and finance to analyse and interpret the concept of economic development as well as to propose policy solutions to real world development

problems and challenges The book contains theoretical and empirical studies which connect the literature of Islamic economics with economic development While some chapters discuss development at the conceptual philosophical level others examine the real world issues faced by developing countries It proposes institutional constructs as well as concrete public policies to face developmental challenges such as fighting poverty and inequality environmental and social sustainability industrialisation and industrial policy and social services and human capital Serving as both an introduction and a comprehensive resource this book illustrates how the concepts and problems of economic development can be examined from an Islamic economics perspective and as such will equip researchers and students with a basic understanding of how Islamic economics interacts with the issues of economic development International Social Work David Cox, Manohar Pawar, 2012-12-04 International Social Work Issues Strategies and Programs Second Edition draws together the practice wisdom emerging within the broad scope of international social work practice and its role in contributing to the international community's efforts in combating the major global social problems of poverty conflict and postconflict reconstruction the development of countries and disadvantaged populations migration and displacement and the needs of specific populations such as child soldiers and AIDS orphans Utilizing an integrated perspectives approach incorporating global human rights ecological and social development perspectives the International Social Work 2e is designed to prepare social workers human services professionals development practitioners who desire to play significant roles in responding to modern global challenges that are critical to the well being of people communities nations and ultimately of us all Urbanizing the Regional Sector to Strengthen Economy and Business to Recover from Recession Aulia Herdiani, Agus Hermawan, Setya Ayu Rahmawati, Mohd. Rizal Palil, Reza Havies, 2022-12-07 This pandemic does not only affect health aspects but also economic aspects The world today faces a recession resulting from the covid 19 pandemic Indonesia's economy continues to lead to a recovery although not very significant The current government continues to make various recovery efforts One of the flagship programs includes encouraging and strengthening support for social protection and increasing the purchasing power of households as well as various business sectors including small and medium sized micro enterprises MSMEs This condition urges the world to create new breakthroughs to rise from this adversity Academicians and practitioners need to work together to find the necessary solutions and developments Surely it will contribute to solve the problems in society by interdisciplinary cooperation This collaboration will create innovations in science and technology especially business and economic field This book includes in depth discussions between academicians and practitioners especially on how to strengthen the regional sectors to be the strong pillars of the country's economy Interestingly various methods are used to observe the problems to explore the solutions and to develop the innovation This book will be of interest to students scholars and practitioners of social empowerment governance and other related stakeholders The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No

Derivatives CC BY NC ND 4 0 license Funded by State University of Malang The Relevance of Philosophy Professor Sylvanus Nnoruka,2022-12-14 The Relevance of Philosophy By Professor Sylvanus Ifeanyichukwu Nnoruka The Relevance of Philosophy defends the assertion that philosophy is not a theoretical irrelevant enterprise Philosophy is relevant to life and this book makes use of phenomenological and hermeneutical methods to offer solutions to the social political and economic problems in Africa specifically Nigeria With regard to Nigeria many are of the opinion that the problem is simply and uniquely that of leadership Others think it is ethnicity while some opine that it is lack of authentic education method The articles in the book tackle these and other relevant problems The authors recommend this book to all Nigerians and indeed every African The authors believe it is not enough to keep bemoaning the regrettable events of the past which have crippled Africa s development Rather through critical reasoning they aim to generate unique solutions to Nigeria s problems

Geoeconomics of the Sustainable Development Goals Lucía Morales,Bernadette Andreosso-O'Callaghan,Daniel Rajmil,2025-03-31 In 2015 the United Nations introduced its very ambitious 2030 Agenda known as the Sustainable Developmental Goals or SDGs The SDGs provide a comprehensive list of goals and targets to address social economic and environmental issues In this book different areas of expertise are brought together examining the main challenges associated with the effects of climate change and the broader scope of the SDGs through the lenses of the geo economics and geopolitics of sustainability The book sheds light on the growing connections between the economic and financial fields and their impact on defining the international order and its economy It examines the importance of trade and economic integration in promoting sustainable development and achieving the SDGs The role of supranational organisations like the United Nations the World Trade Organisation and the IMF in supporting the SDGs within the context of the world s most advanced economies and those less developed the influence of economic diplomacy and geopolitical rivalries on progress towards the SDGs the changing global balance of power and the significance of technology and innovation as well as the role of emerging and less developed economies in enabling sustainable development The book offers insights into practical issues linked to theory and applied frameworks underscoring the significant challenges associated with sustainable development the global economic and political reality and how political tensions affect the global economy The book supports students through the established disciplines of economics finance political science and law and provides academics with new research and theory building tools Normative Conditions to Make WTO Law More Responsive to the Needs of Developing

Countries Philipp Scheuermann,2010 Human Progress and the Rising South Khalid Malik,Maurice Kugler,2013 The twenty first century is witnessing a profound shift in global dynamics of unprecedented speed and scale driven by the fast rising powers of the developing world What are these countries doing right What are their biggest challenges in the years ahead How will this dramatic reshaping of world politics and economics affect the wealthy industrial North as well as the poorest nations now clustered at the bottom of the Human Development Index UNDP s widely praised 2013 Human

Development Report The Rise of the South Human Progress in a Diverse World addresses these questions by analysing more than forty countries in the developing world that have posted unusually rapid human development gains in recent decades drawing heavily on background research commissioned from eminent economists demographers and social scientists This companion volume to the 2013 Human Development Report presents nine of those research papers Publisher website

Environmentally Sustainable Economic Development Asayehgn Desta,1999-09-30 Can sustainable economic development be achieved without strong environmental protections Bringing together theoretical issues in development economics and a wide range of empirical evidence this book examines this question and explores ways that environmental sustainability has been and might be incorporated into existing theories of economic development Protection of the environment is an essential part of development and the best chance for achieving long term sustainable development is to systematically incorporate environmental issues into key aspects of economic development paradigms To show this Desta makes use of theoretical approaches draws policy implications and illustrates each point with in depth case studies from developing countries Although economists have attempted to discern the factors that contribute to sustainable economic growth since the 18th century development economics did not emerge as a legitimate discipline until after World War II By the 1980s the view that environmental concerns pose economic constraints had given way to the belief that environmental and development issues are interwoven This book integrates existing economic development theories and environmental issues in a comprehensive user friendly way It pulls together and makes understandable a wide range of current thinking and historical development concluding each chapter with a case study that shows the workings of these ideas in practice *African Development Perspectives Yearbook* ,2006 Tourists, Migrants & Refugees Milica Zarkovic Bookman,2006 This book is unique in expertly linking three populations tourists migrants and refugees and forcing the reader to face the dilemmas and opportunities each poses for development in poor countries Linda Richter Kansas State University As travelers increasingly seek out the exotic wildlife and idyllic sunsets of the developing world a complex relationship involving tourism the migration of workers and the involuntary displacement of peoples has emerged Milica Bookman explores that relationship and the connection between population movements and economic development in third world countries Bookman s multicountry analysis demonstrates forcefully that tourism both induces migration and displacement and is enabled by them in a self reinforcing circular flow These population movements she argues likewise are both a cause and effect of economic growth They are not however a panacea for developing countries Throughout her study Bookman underscores the human costs of tourism led development emphasizing the need for greater attention to the social dislocations that it brings about Milica Z Bookman is professor of economics at St Joseph s University She is author of eight books including *Ethnic Groups in Motion* and *The Demographic Struggle for Power* and is the recipient of the Tengelmann Award for Excellence in Teaching and Research Contents Introduction Growth and Population Movements in Tourist Friendly Countries Tourists and Other
