Does Foreign Aid Really Work:

Does Foreign Aid Really Work? Roger C. Riddell, 2008-08-07 Foreign aid is now a 100bn business and is expanding more rapidly today than it has for a generation But does it work Indeed is it needed at all Other attempts to answer these important questions have been dominated by a focus on the impact of official aid provided by governments But today possibly as much as 30 percent of aid is provided by Non Governmental Organizations NGOs and over 10 percent is provided as emergency assistance In this first ever attempt to provide an overall assessment of aid Roger Riddell presents a rigorous but highly readable account of aid warts and all Does Foreign Aid Really Work sets out the evidence and exposes the instances where aid has failed and explains why The book also examines the way that politics distorts aid and disentangles the moral and ethical assumptions that lie behind the belief that aid does good The book concludes by detailing the practical ways that aid needs to change if it is to be the effective force for good that its providers claim it is *Unmasking the African Ghost*

Cyril Orji, 2022-04-26 The story of Africa is a ghost story with two plots One is foreign or imported and the other indigenous or local The foreign plot has its origin in colonial history The indigenous plot is African in origin But both plots end in the same place African trauma and culture complex These narratives create in modern Africa a splintered consciousness and the political and economic conditions that lead to physical and psychological violence *Unmasking the African Ghost* is both a theological exploration of the reasons the political and economic systems in African countries have failed and a proposal for the paths toward recovery anchored in the belief that Africa is a continent continuously trying to redefine its identity in the face of Eurocentrism For the church in Africa to be a church at the service of its people theology in Africa must take misery and oppression as the context for its reflections and its reconstruction of the social order An African solution to African problems must be able to meet the needs of the time It must look to the African past to draw from its riches particularly the African sociopolitical ethic of ubuntu It must also look ahead and draw from the best available sociopolitical system of modern states liberal democracy A hybrid of these two yields ubuntuocracy Ubuntuocracy removes the ghosts of both Africa and its Western colonizers and begins a new story that can help Africa survive its double bind **Does Foreign Aid Really**
