Rhodes, Ron

Does God Believe In Atheists John Blanchard Classic Series:

God and the Atheist Paul Ferguson, 2014-01-31 We are living in an increasingly secular age where man seeks to build his own life without recourse to his Creator God Under the guise of rationalism Christianity is ridiculed as out of date or irrelevant God and the Atheist answers the most fundamental questions about Christianity such as How do we know there is a God How do we know there is only one God How do we know the Bible is the word of God In each chapter Paul Ferguson evaluates and sets out the evidence to answer the atheist's objections to the existence of God In a readable and humorous style he precisely builds a remorselessly logical case using his legal and scientific skills to guide the objective reader to discover the truth of who God is Although the discussion often veers into the academic Ferguson works hard to make it understandable to those without a scientific background

The Power of Truth in Perilous Times Marcus E. Drake, 2024-09-25 Real Hope in the Midst of a Culture Gone Awry Yes we live in this kind of culture and world However it is clear in the Bible that the more we pursue the knowledge of God as defined and described in Scripture and the more we are devoted to him the more he will work in us and through us during the perilous times in which we live Therefore in thinking about the extraordinary impact biblical truth can have on our society this book focuses on three vitally important areas in the Bible how God reveals his existence through nature and his Word how he discloses his character through his attributes and promises and how he calls his people to seek the knowledge of himself through the fear of the Lord and the bearing of his image Thus the purpose of this book is to lead believers into a deeper understanding of what God is like a deeper understanding of what he has promised to those who know him and a deeper understanding of the unshakable hope and strong encouragement we have in God's Word as we live in a confused and deteriorating culture Rather than simply decrying the devastating changes in our nation and world this book clearly proclaims the hope that is ours in the very nature and character of God himself the identity and security believers have in Christ and the biblical guidance we need in order to be salt and light in our generation A God centered truth loving Christ exalting approach to life changes everything

A Sceptic's Guide to Atheism Peter S Williams, 2013-09-01 This is an accessible response to the contemporary anti God arguments of the new atheists Dawkins Dennett Harris Hitchens Grayling etc Atheism has become militant in the past few years with its own popular mass media evangelists such as Richard Dawkins and Daniel Dennett In this readable book Christian philosopher Peter S Williams considers the arguments of the new atheists and finds them wanting Williams explains the history of atheism and responds to the claims that belief in God causes more harm than good religion is about blind faith and science is the only way to know things science can explain religion away there is not enough evidence for God the arguments for God's existence do not work Williams argues that belief in God is more intellectually plausible than atheism
