Dog Man An Uncommon Life On A Faraway Mountain:

Dog Man Martha Sherrill, 2009-08-04 *Dog Man An Uncommon Life on a Faraway Mountain* is a stunning portrait of the Japanese rebel who single handedly rescued the 4 000 year old Akita dog breed At the end of World War II there were only 16 Akita dogs left in Japan Morie Sawataishi became obsessed with preventing the extinction of the 4 000 year old Japanese dog breed He defied convention broke the law gave up a prestigious job and chose instead to take his urbanite wife to Japan s forbidding snow country to start a family and devote himself entirely to saving the Akita Martha Sherrill blends archival research on site reportage and her talent for narrative to reveal Sawataishi s world providing a profound look at what it takes to be an individual in a culture where rebels are rare while expertly portraying a side of Japan that is rarely seen by outsiders

Dog Man Martha Sherrill, 2008 Morie Sawataishi lives a life that is radically unconventional by any standard but almost absurd in blatantly conformist Japan Journalist Martha Sherrill provides a profound look at what it takes to be an individualist in a culture where rebels are rare *Empire of Dogs* Aaron Skabelund, 2011-12-15 In 1924 Professor Ueno Eizaburo of Tokyo Imperial University adopted an Akita puppy he named Hachiko Each evening Hachiko greeted Ueno on his return to Shibuya Station In May 1925 Ueno died while giving a lecture Every day for over nine years the Akita waited at Shibuya Station eventually becoming nationally and even internationally famous for his purported loyalty A year before his death in 1935 the city of Tokyo erected a statue of Hachiko outside the station The story of Hachiko reveals much about the place of dogs in Japan s cultural imagination In the groundbreaking *Empire of Dogs* Aaron Herald Skabelund examines the history and cultural significance of dogs in nineteenth and twentieth century Japan beginning with the arrival of Western dog breeds and new modes of dog keeping which spread throughout the world with Western imperialism He highlights how dogs joined with humans to create the modern imperial world and how in turn imperialism shaped dogs bodies and their relationship with humans through its impact on dog breeding and dog keeping practices that pervade much of the world today In a book that is both enlightening and entertaining Skabelund focuses on actual and metaphorical dogs in a variety of contexts the rhetorical pairing of the Western colonial dog with native canines subsequent campaigns against indigenous canines in the imperial realm the creation maintenance and in some cases restoration of Japanese dog breeds including the Shiba Inu the mobilization of military dogs both real and fictional and the emergence of Japan as a pet superpower in the second half of the twentieth century Through this provocative account Skabelund demonstrates how animals generally and canines specifically have contributed to the creation of our shared history and how certain dogs have subtly influenced how that history is told Generously illustrated with both color and black and white images *Empire of Dogs* shows that human canine relations often expose how people especially those with power and wealth use animals to define regulate and enforce political and social boundaries between themselves and other humans especially in imperial contexts The Dog Next Door Callie Smith Grant, 2011-06-01 Dogs are truly one of God s finest creatures a marvelous gift for us humans In the perfect follow up to A
