Underdogs Arnold Arluke, Andrew Rowan, 2020-12 Underdogs looks into the rapidly growing initiative to provide veterinary care to underserved communities in North Carolina and Costa Rica and how those living in or near poverty respond to these forms of care For many years the primary focus of the humane community in the United States was to control animal overpopulation and alleviate the stray dog problem by euthanizing or sterilizing dogs and cats These efforts succeeded by the turn of the century and it appeared as though most pets were being sterilized and given at least basic veterinary care including vaccinations and treatments for medical problems such as worms or mange However in recent years animal activists and veterinarians have acknowledged that these efforts only reached pet owners in advantaged communities leaving over twenty million pets unsterilized unvaccinated and untreated in underserved communities The problem of getting basic veterinary services to dogs and cats in low income communities has suddenly become spotlighted as a major issue facing animal shelters animal rescue groups animal control departments and veterinarians in the United States and abroad In the past five to ten years animal protection organizations have launched a new focus trying to deliver basic

and even more advanced veterinary care to the many underserved pets in the United States. These efforts pose a challenge to these groups as does pet keeping to people living in poverty across most of the world who have pets or care for street dogs.

The Bravest Pets of Gotham Peggy Gavan, 2024-09-13 In the late 1800s and early 1900s the New York Fire Department permitted firemen to keep one dog, one cat, or singing birds in their firehouse. Since the firemen were required to live and work at the firehouse full time, these animal mascots along with the horses that pulled the fire trucks were their constant companions, making a dangerous workplace feel more like home. *The Bravest Pets of Gotham* takes readers on a fun historical tour of Old New York, sharing touching and comical stories about the bond between FDNY firefighters and their four-legged or feathered friends. The book contains more than one hundred astonishing emotional and sometimes hilariously absurd tales of the FDNY animal mascots whose extraordinary intelligence, acts of bravery, and funny antics deserve to be remembered. Some anecdotes depict fire companies that broke the one pet rule and welcomed a veritable menagerie of animals into their firehouses, including goats, turtles, and even monkeys. Whether you are an animal lover, a history buff, or a fan of firefighting, *The Bravest Pets of Gotham* is full of stories that will thrill and amuse you. *National Monitor Poultry and Pets*, 1886

, 1973 **Famous Pets of Famous People** Eleanor Lewis, 1892 **THE MISFITS GO TO IRAN** Peg Coffey, 2025-02-24 Moving to Iran will be the experience of a lifetime, was the truest thing my father ever said. Even before I left our home in California, I learned change involves both loss and gain. Hamburgers can make the pain of a shot go away, and everyone must sacrifice for the good of others, sometimes. The world was a different place in 1955. World War Two was over, Europe was rebuilding from the destruction of the war, and the First World countries were experiencing an economic boom. Iran, the United States, and England were friends, and the Shah of Iran allowed the US Navy to use areas in his country for military planes. My father's job was to take pictures of Russia's missile silos being built after World War Two. My brother and I were sometimes called little rascals in California, but to be completely real, our whole family leaned sideways. That is why I characterized my family as misfits. This book is a child's view of her family living as aliens in another country. Many childhood memories are often fuzzy, but Iran was different enough for me to pay attention and remember. **Our Dumb Animals**
