grooming is also a matter of comfort Mats and tangles in their coat can pull painfully on the skin causing discomfort or even sores Proper grooming ensures that dogs remain comfortable especially for breeds with thick or curly coats prone to matting Seasonal grooming such as trimming fur in hot weather or ensuring a thick undercoat is removed during shedding seasons helps dogs stay at an ideal temperature

The All Breed Dog Grooming Guide Sam Kohl,1976 **Dog Grooming Guide** Margaret Stefan,2014-12-17 There is always a demand for dog grooming in almost every country in the world It is possible to be self employed and work from home if you have the facilities to be a mobile service or to have premises in which to work You can be paid for doing something you enjoy but like any business there are guidelines to which you must adhere It does take time to learn about the different types and breeds of dog and what sort of clipping is required There is a wide range of equipment available and a wide range of stripping and clipping styles to learn It may be that the best way forward is to attend a course and there are many available but they are often very expensive Sometimes day courses on particular breeds are a better option and nowadays there are a huge number of videos on the internet if it is one particular type of clipping that you need to research
