Grooming Manual for the Dog and Cat Sue Dallas, Diana North, Joanne Angus, 2013-05-06 One of the responsibilities of every dog or cat owner is that of coat care. This book provides much needed guidance for groomers, breeders and owners. It will be invaluable for those taking the City and Guilds 775 Grooming exam and animal care students of all levels. Step by step grooming, clipping techniques are described for the more popular breeds of dog and cat and in each case the technique is illustrated with photographic sequences. The book also includes allied subjects such as skin care, commonly found skin parasites and basic first aid and handling. *The All Breed Dog Grooming Guide* Sam Kohl, Catherine Goldstein, 1982 **The Stone Guide to Dog Grooming for All Breeds** Ben Stone, Pearl Stone, 2009-05-18 The Stone Guide to Dog Grooming For All Breeds presents the broad repertoire of the dog groomer's art for the pleasure and enlightenment of every reader. grooming in almost every country in the world It is possible to be self employed and work from home if you have the facilities to be a mobile service or to have premises in which to work You can be paid for doing something you enjoy but like any business there are guidelines to which you must adhere It does take time to learn about the different types and breeds of dog and what sort of clipping is required There is a wide range of equipment available and a wide range of stripping and clipping styles to learn It may be that the best way forward is to attend a course and there are many available but they are often very expensive Sometimes day courses on particular breeds are a better option and nowadays there are a huge number of videos on the internet if it is one particular type of clipping that you need to research

Take a Sneak Peak Inside Drying With heavy coated breeds a power blaster is the best way to take out the excess moisture but never blow into the skin Blow in the direction that the coat grows and brush in the same direction This system would never be used on a poodle or breeds that need specialist treatment It would make the coat crinkle and be hard to trim into shape Instead you would separate each piece of hair as a hairdresser would do and blow into shape over a brush Breeds that need a flat appearance like English Setters or Golden Retrievers should be brushed into shape as they dry Short or smooth coated breeds are suitable for cage dryers or even towelled and kept in a warm room
