by Paw  Leaks

1 DESENSITIZE

Grab your jacket and jiggle the keys during the day to avoid your dog recognising departure routines.

2

DON'T SAY GOODBYE

Don't make leaving special. Ignore your dog's whining and barking.

3

CHEW TOYS

Giving your dog something chew keeps him occupied and releases endorphines. Check out recipes for stuffed Kongs.

4

SLOWLY INCREASE TIME ALONE

Start with a couple of minutes and gradually increase. Too big leaps will set your training back.

5

NO GREETING

Keep it as low-key as leaving. Even though it's cute, ignore your dog's excitement and wait until he settles in his place.
