

# Learning Progressions and the Hess Cognitive Rigor Matrix

The DOK Matrix aligns specific tasks from the learning progressions developmental learning sequence to specific cognitive levels or DOKs.

- Based in research describing how understanding typically develops for most students over time.
- Organized around the big ideas of the discipline (goal: develop mental schemas; ability to transfer learning).
- Suggest an intentional mapping (not linear, iterative) as to how to teach and build upon earlier concepts to get to deeper understanding
- Guide assessment that allows for interpretations of Novice- Expert performance based on where students are along a hypothesized learning continuum.

Deeper Competency-Based Learning Karin Hess, Rose Colby, Daniel Joseph, 2020-05-06 The roadmap for your school's CBE journey. The one size fits all instructional and assessment practices of the past no longer equitably meet the needs of all students. Competency based education CBE has emerged not only as an innovation in education but as a true transformation of the approaches to how we traditionally do school. In Deeper Competency Based Learning the authors share best practices from their experiences implementing CBE across states, districts, and schools. Leaving no stone unturned, readers are guided step by step through CBE implementation and validation phases, beginning with defining your WHY and collaborative development of the competencies describing deeper learning. The CBE readiness tools and reflections inside will help your team build the foundation for organizational shifts by examining policies, leadership, culture, and professional learning. Dig in to shifts in teaching and learning structures by addressing rigorous learning goals, competency based assessment, evidence based grading, and body of evidence validation. Take a deep dive into the shift to student centered classrooms through personalized instructional strategies that change mindsets regarding teacher, student roles, responsibilities, and classroom culture. Discover how your students can demonstrate deeper learning of academic content and develop personal success skills by maximizing time, place, and pace of learning with this roadmap for your CBE journey.

**Reinventing Crediting for Competency-Based Education** Jonathan E. Martin, 2019-08-29 Many argue that the conventional high school transcript has become irrelevant to today's best practices in teaching, learning, and assessment. With more and more school leaders turning to alternate competency based approaches for learning, crediting, and transcripts, can follow suit by drawing on badging, micro crediting, digital portfolios of student work, and other emerging tools. Reinventing Crediting for Competency Based Education explores the need for this transformation while detailing the implementation of promising models, particularly the Mastery Transcript Consortium. Written by an experienced consultant and former school leader, this book will assist school and district administrators in making a forward thinking crediting and transcript system work for their students' futures.
