Dokters Aan Het Front:

Doctor To The Front Donald B. Koonce, 2025-12-08 Filled with perceptive observations about military leaders morale in the Confederacy life in the Southern capital of Richmond and a range of medical topics including the treatment of wounded Confederate surgeon Thomas Fanning Wood s wartime letters and postwar reminiscences constitute a fine addition to the roster of published firsthand testimony about the Civil War Gary W Gallagher The Civil War was a tragic conflict that destroyed many lives but for those trying to save lives the tragedy was often compounded Military doctors labored through the smoke of battle where impossible conditions and fear of infection often forced them to resort to amputation and most operations were performed without painkillers Thomas Fanning Wood recorded his wartime experiences as a Confederate Army surgeon and his recollections of those events allow us to hear a distinct voice of the Civil War As a young soldier recovering from fever at a Richmond hospital Wood developed an interest in medicine that was encouraged by a doctor who steered him toward medical training After only eight months of study he was made an assistant surgeon in the Third North Carolina Regiment His narrative drawn from his memoirs letters from the front and articles written for his hometown newspaper presents a poignant and sometimes horrifying picture of what the Civil War physician had to face both under battlefield conditions and in urban hospitals Wood himself spent much of his time at the front and his vivid narrative describes both a doctor s daily activities and the campaigns he witnessed He was present at many of the war s major engagements he was near Stonewall Jackson when the general fell at Chancellorsville manned a field dressing station at the foot of Culp s Hill at Gettysburg and was one of the few survivors of the Union attack on the mule shoe at Spotsylvania when his entire division was wiped out Wood s account also lends new insight into Jubal Early s 1864 campaigns in the Shenandoah Valley and against Washington With its observations of medical care and training not found in standard histories of the war including a description of the examination required to become an assistant surgeon *Doctor to the Front* offers a unique human perspective on the Civil War With their additional descriptions of key figures and events Wood s recollections combine historical significance and human interest to show us another side of that terrible conflict The Author Donald B Koonce is the great grandson of Thomas Fanning Wood and has served on the Board of Directors of the South Carolina Historical Society and the Historic Greenville Foundation He is president of the Koonce Group Inc an award winning communications company whose productions include *Daybreak at the Cowpens* a documentary for the National Park Service

Sport and the Home Front Matthew Taylor, 2020-05-31 *Sport and the Home Front* contributes in significant and original ways to our understanding of the social and cultural history of the Second World War It explores the complex and contested treatment of sport in government policy media representations and the everyday lives of wartime citizens Acknowledged as a core component of British culture sport was also frequently criticised marginalised and downplayed existing in a constant state of tension between notions of normality and exceptionality routine and disruption the everyday and the extraordinary

The author argues that sport played an important yet hitherto neglected role in maintaining the morale of the British people and providing a reassuring sense of familiarity at a time of mass anxiety and threat Through the conflict sport became increasingly regarded as characteristic of Britishness a symbol of the ordinary everyday lives in defence of which the war was being fought Utilised to support the welfare of war workers the entertainment of service personnel at home and abroad and the character formation of schoolchildren and young citizens sport permeated wartime culture contributing to new ways in which the British imagined the past present and future Using a wide range of personal and public records from diary writing and club minute books to government archives this book breaks new ground in both the history of the British home front and the history of sport

Britain, Poland and the Eastern Front, 1939 Anita J. Prazmowska,1987-07-23 This book offers a revisionist interpretation of British foreign policy towards Poland and the role of the Anglo Polish relationship during the period March September 1939 It challenges and questions hitherto held views on the British determination to defend Poland and oppose German expansion eastwards It includes a study of foreign policy economic policy and military planning This book is a major contribution to our knowledge of the outbreak of the war because it contains a unique and original study of the role of the Poles in British proposals for an eastern front and the Polish perception of their relationship with Germany Finally the inconclusive nature of British approaches to the Soviet Union and the Rumanian government are put into the context of the abortive proposal for an eastern front against Germany

The Iran National Front and the Struggle for Democracy Masoud Kazemzadeh,2022-05-09 The Iran National Front and the Struggle for Democracy 1949 Present explores the activities of the Iran National Front INF The INF is a coalition of parties groups and individuals and Iran s oldest and main pro democracy political party This book presents a political history of the INF from 1949 to the present day It discusses the current platform of the INF its leadership policies strategies as well as criticisms and weaknesses The volume draws on a rich range of primary sources INF documents and interviews including translated transcripts with the top leader of the INF As it is one of the major political parties opposing the current regime in Iran the book also examines the current situation in the country It provides an analysis of the nature of the political systems under the Shah and the Islamic Republic
