Education (RLE Edu L Sociology of Education) Phillip Brown, Hugh Lauder, 2012-05-23 What unites the contributors to this book is an opposition to Thatcherite policies on education and an agreement upon the need for the development of democracy in education This volume highlights the importance of an area of neglected theoretical and practical concern the development of a critique of the philosophy and policies of the new Right and of credible alternative policies

Marxist Perspectives in the Sociology of Education (RLE Edu L Sociology of Education) Maurice Levitas, 2012-05-04 The major theories explored are those concerned with social mobility and those which derive from a relativist position in Sociology both of which see education as a selection mechanism for a stratified society Social class family sociolinguistics and schools are among the topics discussed In this analysis the author defines key areas in the sociology of education gives access to important concepts of Marx and Engels strengthens sociological starting points by adding a Marxist element discriminates between radically different directions in education maps the main features of long term working class goals This thoroughgoing Marxist critique of widely prevalent notions in the sociology of education provides a compass by which place and direction in this area of education may be found by students teachers and parents

Marxism and Education (RLE Edu L) Madan Sarup, 2013-05-13 This book introduces

the student to the various phenomenological and humanistic Marxist perspectives as they are being applied to education and provides an account of the strengths and weaknesses of these perspectives drawing on a variety of disciplines in order to explain the controversies described. The opening chapters deal with the phenomenological perspective in the sociology of education discussing its adoption of a phenomenological model of man its use of anthropological studies the importance of classroom studies and its rejection of the liberal philosophy of education.
