Educational Administration And History The State Of The Field:

Educational Administration and History Tanya Fitzgerald, Helen Gunter, 2013-10-18 In the past 40 years there have been a number of significant developments across the fields of educational administration and history In this volume the authors have selected a number of key issues to illustrate and trace these changes The seven articles by leading scholars in the field offer an analysis of contemporary educational administration history and policy debates and how this has impacted on teachers leaders schools and the education sector This book offers readers a valuable insight into continuing and contemporary debates in the field and the authors offer a refreshing interpretation of these debates This book provides a rich analysis from a range of theoretical methodological perspectives and highlights the extent to which these debates remain a contemporary concern This book was published as a special issue of the *Journal of Educational Administration and History*

Educational Administration and history, 1976 *The History of Educational Administration Viewed Through Its Textbooks* Thomas E. Glass, 2004 *The History of Educational Administration Viewed Through Its Texts* provides the reader a history of the development of the professional field of educational administration From the Common School Era of the 1840s through the Era of Accountability in 2000 leaders of the profession wrote textbooks to both inform and instruct those desiring to follow in their footsteps Historical leaders such as Elwood Cubberley George Strayer George Counts and Jesse Sears are identified and the ways in which their work influenced the profession and the public schools is examined The various management themes running through the practice of educational administration over a 150 year period are also discussed Among these themes is the administrator as a philosopher and manager of virtue scientific manager executive transformational leader instructional leader in a time of high stakes accountability The schools of thought affecting the preparation of education administrators is also discussed in the framework of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice

based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education
