Electric Spark Frances Wilson, 2025-09-23 The award winning biographer Frances Wilson presents an exhilarating new look at Muriel Spark a consummate artist of the twentieth century Is the story fact Is it fiction It is what it is said Muriel Spark Muriel Spark was a puzzle and so too are her books She dealt in word games tricks and ciphers her life was composed of weird accidents strange coincidences and spooky events Evelyn Waugh thought she was a saint Bernard Levin said she was a witch and she described herself as Muriel the Marvel with her X ray eyes By following the clues riddles and instructions Spark planted for posterity in her biographies fiction autobiography and archives Frances Wilson aims to crack her code Electric Spark explores not the celebrated Dame Muriel but the apprentice mage discovering her powers It takes us through her early years when turmoil reigned divorce madness murder espionage poverty skulduggery blackmail love affairs revenge and a major religious conversion If this sounds like a novel by Spark it is because her experiences in the 1940s and 1950s became alchemically distilled the material of her art As good a critic as she is a biographer and as sharp a stylist as she is a reader The Boston Globe in Electric Spark Frances Wilson brings her enormous incandescent powers to bear on one of the most formidable writers of the twentieth century
