Dirty Words The Expressive Power Of Taboo

Bernhard Streck, John Eidson

Dirty Words The Expressive Power Of Taboo:

Dirty Words Ariel C. Arango,1996 Taboo words are the subject of this text which traces the psychic origins of dirty words to early infancy and childhood and their place and value in life and analytic therapy It refers to dirty words used by Rabelais Quevedo Mozart Voltaire the Marquis de Sade Joyce and Lawrence **Filthy English** Peter Silverton,2011-11-03 When the Sex Pistols swore live on tea time telly in 1976 there was outrage across Britain Headlines screamed Christians marched TVs were kicked in Thirty years on all those words are media mainstream bandied about with impunity on TV and in the papers This is the story of our bad language and its three decade journey from the fringes of decency to the working centre of a more linguistically liberal nation Silverton takes a clear comprehensive and witty look at swearing and the impact of its new acceptability on our language our manners and our society He considers how we have become more openly emotional yet more wary about insulting others And how it s seemingly become alright to say and but not or This is the story of that cultural revolution written by one who was there at the start proudly striking some of the first blows in the long struggle for the right to reclaim filthy English and use it *Offense to Others* Joel Feinberg,1988-01-07 The second volume in Joel Feinberg s series *The Moral Limits of the Criminal Law* *Offense to Others* focuses on the offense principle which maintains that preventing shock disgust or revulsion is always a morally relevant reason for legal prohibitions Feinberg clarifies the concept of an offended mental state and further contrasts the concept of offense with harm He also considers the law of nuisance as a model for statutes creating morals offenses showing its inadequacy as a model for understanding profound offenses and discusses such issues as obscene words and social policy pornography and the Constitution and the differences between minor and profound offenses **The Lover's Tongue** Mark Morton,2009 This delightful book includes over 100 mini essays explaining the origins and historical development of words in our language that pertain to love and sex Do you know for example what a 78 is Here s a hint like the old 78 rpm records the term refers to a man who is well on the fast side Diligently researched *The Lover s Tongue* is written in a light hearted style A dictionary of a different kind this book is the perfect gift for that special someone or for the connoisseur of language and history in your life **Acting and Connecting** Sonia Zyngier,Anna Chesnokova,2007 This fine collection of papers is the successful outcome of an international research project carried out by advanced undergraduate and graduate students from four different countries Exceptionally the papers do not rehash old ideas or themes but offer a fresh approach to a wide range of topics from language literature and culture This innovative attitude is the result of newly devised empirical methods of research which clearly show that these students are well on their way to becoming inventive and resourceful researchers The book connects three important themes and acts upon them First it provides empirical studies of literary texts and experiences once again proving the value of empirical studies of literature It thereby nicely forecasts the future of literary studies Secondly it highlights the connections between research groups in different continents showing the strength of international collaborations It thereby

nicely forecasts the future of intercultural research Thirdly it presents work from students illustrating upcoming talent It thereby nicely forecasts the future of academia

The Routledge Handbook of Chinese Applied Linguistics Chu-Ren Huang,Zhuo Jing-Schmidt,Barbara Meisterernst,2019-03-11 The Routledge Handbook of Chinese Applied Linguistics is written for those wanting to acquire comprehensive knowledge of China the diaspora and the Sino sphere communities through Chinese language It examines how Chinese language is used in different contexts and how the use of Chinese language affects culture society expression of self and persuasion of others as well as how neurophysiological aspects of language disorder affect how we function and how the advance of technology changes the way the Chinese language is used and perceived The Handbook concentrates on the cultural societal and communicative characteristics of the Chinese language environment Focusing on language use in action in context and in vivo this book intends to lay empirical grounds for collaboration and synergy among different fields

Questions About Language Laurie Bauer,Andreea S. Calude,2020-05-19 Questions About Language sets out to answer in a readable yet insightful format a series of vital questions about language some of which language specialists are regularly asked and some of which are so surprising that only the specialists think about them In this handy guide sixteen language experts answer challenging questions about language from What makes a language a language to Do people swear because they don t know enough words Illustrating the complexity of human language and the way in which we use it the twelve chapters each end with a section on further reading for anyone interested in following up on the topic Covering core questions about language this is essential reading for both students new to language and linguistics and the interested general reader
