Discourses On Livy The Worlds Classics:

Discourses on Livy(A Classic Illustrated Edition) Niccolo Machiavelli,2022-02-14 Political and philosophical commentaries on the republic of ancient Rome from the Renaissance author of The Prince In Discourses Italian statesman philosopher and writer Niccol Machiavelli offers a wide ranging analysis of the democratic underpinnings of the Roman Republic based on the epic history written by Roman scholar Titus Livy Focusing on a republic as the best way to secure the long term stability of states the various discourses contain observations about aspects of governance political powers state safety corruption and the expansion of powers They analyze types of governments and how they change over time from both internal and external pressures The observations provide significant insights into our world today **Discourses on Livy** Niccolo Machiavelli,2003-03-13 Discourses on Livy 1531 is as essential to an understanding of Machiavelli as his famous treatise The Prince Equally controversial it reveals his fundamental preference for a republican state Comparing the practice of the ancient Romans with that of his contemporaries provided Machiavelli with a consistent point of view in all his works Machiavelli s close analysis of Livy s history of Rome led him to advance his most original and outspoken view of politics the belief that a healthy body politic was characterized by social friction and conflict rather than by rigid stability His discussion of conspiracies in Discourses on Livy is one of the most sophisticated treatments of archetypal political upheaval every written In an age of increasing political absolutism Machiavelli s theories became a dangerous ideology This new translation is richly annotated providing the contemporary reader with sufficient historical linguistic and political information to understand and interpret the revolutionary affirmations Machiavelli made based on the historical evidence he found in Livy The complete Livy in English available in five volumes from Oxford World s Classics ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **The Prince** Niccolò Machiavelli,2008-04-17 Based upon Machiavelli s first hand experience as an emissary of the Florentine Republic to the courts of Europe The Prince analyses the usually violent means by which men seize retain and lose political power This fluent new translation is accompanied by comprehensive notes and an introduction that dispels some of the myths associated with Machiavelli and considers the true purpose of The Prince Beyond Origins Angélica Maria Bernal,2017-06-30 The foundings of constitutional democracies are commonly traced to singular moments In turn these moments of national origin are characterized as radical political innovations notable for their civic unity perfect legitimacy and binding authority This common view is attractive as it suggests original founding events actors and ideals that can be evoked to legitimize state authority and unify citizens Ang lica Maria Bernal challenges this view of foundings however explaining that it is ultimately dangerous misguided and unsustainable Beyond Origins argues that the ascription of

a universal authority to original founding events is problematic because it limits our understanding of subsequent foundational changes political transformation and innovation This singular view also confounds our ability to account for all of the actors and venues through which foundation building and constitutional transformation occurs Because such understandings of national foundings obscure the many power struggles at work in them these origin stories are troubling and unhelpful In the wake of these limited views of founding Bernal develops an alternate approach founding beyond origins Rather than asserting that founding events are authoritatively settled and relegated to history this framework redefines foundings as contentious uncertain and incomplete Indeed the book looks at a wide variety of contexts early imperial Rome revolutionary Haiti and France the mid 20th century racially segregated United States and contemporary Latin America to reconsider political foundings as a contestatory and ongoing dimension of political life Bridging classic and contemporary political and constitutional theory with historical readings Bernal reorients approaches to foundings arguing that it is only through context specific and pragmatist understandings of political origins that we can realize the potential for radical democratic change

Discourse on the Origin of Inequality Jean-Jacques Rousseau,1999 A powerful passionate explanation of the roots of social inequality Rousseau s Discourse influenced virtually every major philosopher of the Enlightenment It remains among the 18th century s most provocative and frequently studied works

Kindness Wars Noel A. Cazenave,2023-09-15 Kindness Wars rescues our understanding of kindness from the clutches of an intellectually and morally myopic popular psychology and returns it to the stage of big ideas in keeping with the important Enlightenment era debates about human nature and possibilities Cazenave conceptualizes kindness not just as a benevolent feeling a caring thought or a generous action but as a worldview a theory or an ideology that explains who we are and justifies how we treat others Here kindness wars refer to the millennia old kindness theory and ideological conflicts over what kind of societies humans can and should have The book s title denotes the two types of kindness wars it analyzes conflict over 1 whether to be kind or not i e the conflicts between kindness and other societal values and ideologies and 2 what it means to be kind i e the wars within kindness over different ideas as to what it means to be kind and to whom Using a conflict theoretical perspective Kindness Wars examines the history of the kindness concept its many struggles with opposing notions of our true nature and possibilities and what the lessons of that history and those battles offer us toward the development of a large robust and politically engaged conceptualization of kindness

etchings colored plates and full page portraits of great authors Clarence Cook art editor My Life Benvenuto Cellini,2002 Thus spoke Pope Paul III on learning that Cellini had murdered a fellow artist so great was Cellini s reputation in Renaissance Italy A renowned sculptor and goldsmith whose works include the famous salt cellar made for the King of France and the statue of Perseus with the head of the Medusa Cellini s life was as vivid and enthralling as his creations

The World's Great Classics Timothy Dwight,Julian Hawthorne,1899 Library Committee Timothy Dwight Richard Henry Stoddard Arthur Richmond Marsh A B and others Illustrated with nearly two hundred photogravures etchings colored plates and full page portraits of great authors Clarence Cook art editor Marlowe's Republican Authorship Patrick Cheney,2009-02-15 This book argues broadly that any historical narrative about republicanism needs to place Marlowe at the front of its genealogy and that his interest in republican ideals is sustained from the beginning to the end of his meteoric career More specifically this study will nonetheless argue that it is difficult to discern a clear republican form of government in Marlowe s works What we can discern is republican representation the author s representational foregrounding of his own republican frame of art This study is the first to situate the complex Marlowe corpus within the context of the advent of English Republicanism **Beyond Origins** Angélica Maria Bernal,Angélica Reyna Bernal,2017 Beyond Origins challenges the common view of foundings as singular extraordinary moments of political origin and creation Engaging with cases of founding across political traditions from classical Greece to contemporary Latin America the book argues that it is only through pragmatist understandings of democratic origins that we can realize the potential for radical democratic change

Forthcoming Books Rose Army,1999 *History of Political Thought* ,2007 **The Journal of Medieval and Early Modern Studies** ,1998 **Cicero and Modern Law** Richard Oliver Brooks,2009 Cicero and Modern Law contains the best modern writings on Cicero s major law related works such as the Republic On Law On Oratory along with a comprehensive bibliography of writings on Cicero s legal works These works are organized to reveal the influence of Cicero s writings upon the history of legal thought including St Thomas the Renaissance Montesquieu and the U S Founding Fathers Finally the articles include discussions of Cicero s influence upon central themes in modern legal thought including legal skepticism republicanism mixed government private property natural law conservatism and rhetoric The editor offers an extensive introduction placing these articles in the context of an overall view of Cicero s contribution to modern legal thinking **The Misfortunes of Virtue and Other Early Tales** Marquis de Sade,2008-05-08 The name of the Marquis de Sade is synonymous with the blackest corners of the human soul a byword for all that is foulest in human conduct In his bleak claustrophobic universe there is no God no morality no human affection and no hope Power is given to the strong and the strong are murderers torturers and tyrants No quarter is given compassion is the virtue of the weak Yet Sade was a man of savage intelligence who carried the philosophy of the French Enlightenment to its logical extreme His writings effectively release the individual from all social and moral constraint for many Sade is the Great Libertarian The Victorians considered

him Divine and Apollinaire called him the freest spirit the Surrealists recognised him as a founding father and he is a key figure in the history of modernism and post modernism With Freud and Marx Sade has been one of the crucial shaping influences on this century and reactions to him continue to be extreme But he has always been more talked about than read This selection of his early writings some making their first appearance in this new translation reveals the full range of Sade's sobering moods and considerable talents ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

The Myths of Rome Timothy Peter Wiseman, 2004 Winner of American Philological Association C J Goodwin Award of Merit 2005 Shortlisted for British Academy Book Prize 2005 Widely reviewed and celebrated in hardback on publication in 2004 The Myths of Rome is now available in a paperback edition This major re-evaluation of Roman history and its afterlife in western culture through the mediums of myth and art is fast becoming the standard popular account of the Roman story world It triumphantly redresses the popular perception of classical myth as a predominantly Greek invention and builds a cohesive narrative from the mass of mythical and historical tales that cluster around the nexus of Rome It is set to become a sourcebook for students of Roman myth and history in this country and around the world at undergraduate and graduate level
