**Dinosaur Odyssey** Scott D. unprecedented opportunity for the world's people to address the daunting ecological and social challenges of our times Journey of the Universe transforms how we understand our origins and envision our future Though a little book it tells a big story one that inspires hope for a way in which Earth and its human civilizations could flourish together What's most striking about Swimme and Tucker's work is a simple but beautiful assumption a cosmological orientation opens the human mind to wonder gratitude humility and creativity Orion
