Clark Night https://www.youtube.com/watch?v=GhEy4Ys_pKU This book is the Google Play text version of Perfect Sight Without
Glasses Contains only Ophthalmologist Bates book Better Eyesight Magazine extra training pictures to learn the method
quickly and eyecharts Dr W H Bates started his career as an orthodox ophthalmologist following the old long time rules of the
practice prescribing eyeglasses During his practice working with different patients eye conditions he realized that unclear
close distant vision astigmatism and other conditions often cured itself reversed back to clear vision especially when his
patients stopped wearing their eyeglasses and relaxed He noticed that wearing glasses tensed the eyes eye muscles lowered
the vision and resulted in stronger and stronger eyeglass lens prescriptions being needed in order to see clear through the
glasses He began his own studies on the eye and its function This led him to discover that many of the old ophthalmology
optometry supposed facts about the eye lens and its function and cause of unclear vision are incorrect Dr Bates began
teaching his patients to stop wearing their glasses He taught them natural methods including relaxation correct use of the
eyes vision shifting to produce clear vision Dr Bates cured his own eyesight close vision presbyopia Distant vision also clear
He wrote an article in his book magazine describing how he did it with Memory Imagination Relaxation He controlled
changed the focus of light rays in his eyes with his mind Dr Bates performed experiments on the eyes of animals and
observed the function of animal patient s eyes under different conditions He used the retinoscope to see the refraction of
light rays in the eye under various conditions He proved that the refraction clarity of vision changes often And when the eyes
are left alone eyeglasses avoided the refraction clarity returns to normal clear vision He proved that the state of the mind
thoughts emotions body change the refraction of the eye clarity of vision Example when the mind body is relaxed positive
happy thoughts emotions the refraction is normal and vision is clear When the mind body is under stress strain the refraction
is abnormal and vision is unclear Dr Bates discovered that the main cause of unclear vision and other eye problems is
Wearing Eyeglasses Mental Strain Mental Visual Effort to See Poor Vision Habits incorrect use of the eyes vision squinting
staring not shifting lack of normal relaxed eye movements lack of central fixation poor memory and imagination Perfect Sight
occurs with Perfect Relaxation deep or active dynamic relaxation Relaxation occurs first and then the eyesight becomes clear
Practicing normal relaxed eye vision function induces relaxation of the mind eyes and perfect clarity Dr Bates experiments on
