*Listening to God in Times of Choice* Gordon T. Smith, 2009-09-20 All Christians yearn to live at the center of God's will But how to discern his will is an art that eludes many of us And the advice we get often conflicts Some tell us to look for a divine blueprint the one perfect plan for our lives that we need to find We are encouraged to search the Scriptures and hunt for signs trying to uncover the map of our lives that God has drawn Others have rejected the blueprint school of guidance for the wisdom school With minds renewed by the teaching of Scripture we are to develop the wisdom necessary to make wise choices We are told not to expect that there is just one answer to God's will for every decision we face Several may be possible The difficulty with both approaches writes Gordon Smith is that they minimize the presence and voice of God in

times of choice Instead he argues for a third way He suggests that we develop discernment as a spiritual discipline By stressing the personal aspects of growing in our relationship with God we can understand his will not just in times of crisis but throughout our daily lives This book provides no magic formulas no recipes for guaranteed success just a lot of insight gleaned from centuries of lived Christian experience that will guide and encourage you in the art of discerning God s will
