Discipleship Of Equals A Critical Feminist Ekklesia Logy Of Liberation:

Discipleship of Equals Elisabeth Schüssler Fiorenza, 1993 Elisabeth Schuessler Fiorenza well known for her pioneering New Testament study *In Memory of Her* was not only present at the creation of the feminist movement in theology and church but was one of those women who gave it birth *Discipleship of equals* the title of this book was her coinage as was *women church and ekklesia of women* However this book is not a memoir or a biography rather it charts her feminist theological struggles Collected within it are studies representing key issues in feminist theology and the feminist religious movement milestones in the attempts of Christian feminists to reclaim their spiritual authority to define biblical religion and the Christian church and to articulate a feminist religious vision of justice and liberation As the author herself writes More than ever before the women s movements in society and religion need a critical feminist analysis of patriarchal religious structures and a critical feminist theological articulation of liberation By tracing my own unfolding journey of vision and struggle and by relating it to the collective struggle of women in theology I seek to intervene in the contest over who has the right and authority to claim biblical religion

Discipleship of Equals Elisabeth Schüssler Fiorenza, 1998 *The Oxford Handbook of Ecclesiology* Paul Avis, 2018-06-21 The Oxford Handbook of Ecclesiology is a unique scholarly resource for the study of the Christian Church as we find it in the Bible in history and today As the scholarly study of how we understand the Christian Church s identity and mission ecclesiology is at the centre of today s theological research reflection and debate Ecclesiology is the theological driver of the ecumenical movement The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled Ecclesiology investigates the Church s manifold self understanding in relation to a number of areas the origins structures authority doctrine ministry sacraments unity diversity and mission of the Church including its relation to the state and to society and culture The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research Church history and the wealth of the Christian theological tradition together with the information and insights that emerge from other relevant academic disciplines This Handbook considers the biblical resources historical development and contemporary initiatives in ecclesiology It offers invaluable and comprehensive guide to understanding the Church

Women in the Greetings of Romans 16.1-16 Susan Mathew, 2013-02-28 Susan Mathew examines the structures of mutuality in Romans to shed light on the issue of women s leadership in Pauline theology Mathew begins by analyzing the general form of greetings in the Pauline letters to shed light on the specific form of the greetings in Rom 16 1 16 Mathew then couples this with analysis of the leadership of women in the Greco Roman world showing that women s leadership roles in the Pauline churches were part of this wider culture This provides a basis from which to show that the women named in Romans 16 1 16 display Paul s acknowledgment of some women associates and point to relationships of mutuality in the greetings A study of Romans 12 13 helps to apprehend the model of mutuality exemplified in the greetings Finally the

contextual application of mutuality in the community as mutual welcoming and mutual up building Romans 14 15 is brought into focus This enables Mathew to draw together the strands of the Pauline ethos of mutuality which encourages the leadership roles of women in the greetings at the end of Romans *The Routledge Companion to the Christian Church* Gerard Mannion, Lewis S. Mudge, 2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues

Empowering Memory and Movement Elisabeth Schüssler Fiorenza, 2014 Empowering Memory and Movement Elisabeth Schssler Fiorenza completes a three volume look across her influential work and career In Transforming Vision 2011 she drew from a career of pioneering scholarship to offer the contours of a critical feminist hermeneutic The chapters in Changing Horizons 2013 sketched a theory of liberation Now the consequences for a liberating praxis are evident in interviews and essays that look back over personal and movement history look around at challenges and potentialities and look ahead to an emancipatory future the critical engagement with scripture always at the center **Decoding Vatican II** Catherine E. Clifford, 2014 Racism and God-talk Ruben Rosario Rodriguez, 2008-07-19 2011 Winner of the Book Awards Contest in the Discipline of Theology Presented by Alpha Sigma Nu The apostle Paul wrote that All of you are one in Christ Jesus Given Paul s vision of God s kingdom defined by the breakdown of all distinctions and relationships of domination no longer Jew or Greek slave or free male or female how do we make sense of ethnic particularity within the church s theological formulations Racism and God Talk explores the biblical and religious dimensions of North American racism while highlighting examples of resistance within the Christian religious tradition Social historians have seldom analyzed the problematic of race from a primarily theological perspective This volume undertakes a critical examination of explicitly theological and confessional perspectives for understanding and transforming North American racism Rosario Rodriguez offers insights from Latino a theology for broader scholarly and social discussions concerning racism borders and immigration The first to analyze race and racism from a Latino a theological perspective the volume makes use of a broadened conceptualization of mestizaje or mutual cultural exchange to challenge the church to recognize the effects of racial and ethnic particularity in all theological construction Journal of Feminist Studies in Religion ,2004 Searching the Scriptures: A feminist commentary Elisabeth Schüssler Fiorenza, Shelly Matthews, 1994 This utilizes biblical historical and literary critical scholarship for a feminist reading of the Scriptures Rather than focusing only on the women s passages it analyzed the writings in their entirety and brings to the fore the suppressed voices and subjugated knowledges of times past

Limits of Liberation Elina Vuola, 2002-09-19 How far are the real lives of millions of poor women really catered for in liberation and feminist theologies Vuola argues here that traditional liberation theology s notion of praxis as in L Boff and E Dussel is limited by its essentialist notion of poor and its neglect of the issue of poor women s reproductive rights Classical

feminist theologies on the other hand are fraught with their own essentialist notions women s experience Both discourses are inadequate to deal with poor women s suffering widespread maternal mortality high rates of botched illegal abortions and an overall lack of reproductive rights As a response to this lack Vuola nurtures a form of Latin American feminist liberation theology that addresses directly the suffering and death of these millions of women *The Church as Nation* Kjell Blückert,2000 *New Books on Women and Feminism* ,1993 **The Catholic Biblical Quarterly** Wendell Stephen Reilly,1996 Includes various reports of the Association In the Power of Wisdom María Pilar Aquino,2000 **Toronto Journal of Theology** ,1999 **The Economic Injustice of Maternal Mortality** Eileen Kerwin Jones,2008 Economic Injustice of Maternal Mortality A Feminist Ethical Analysis *The Church in Mission* Thomas Malipurathu,L. Stanislaus,2002 Contributed seminar papers Encyclopedia of Religion in America Charles H. Lippy,Peter W. Williams,2010 Explores the origins development influence and interrelations of the many faiths practiced in North America including major world religions and emerging sects cults and movements **Crossroads** Karen Smith Sellers,1997
