Discourse Theory And Political Analysis Identities Hegemonies And Social Change:

Discourse Theory and Political Analysis David R. Howarth, Aletta J. Norval, Yannis Stavrakakis, 2000-11-18 How can recent developments in post structuralist post Marxist and psychoanalytical theory actually inform ongoing empirical research What are the appropriate methods and research strategies for conducting research in discourse theory and analysis How can concepts such as hegemony identity the imaginary dislocation and empty signifiers illuminate key aspects of contemporary society and politics This pathbreaking and multi focal book contains a clear introductory statement of the theoretical approach used and concludes with an assessment of the future directions of discourse theory in the social sciences *State Formation in Afghanistan* Mujib Rahman Rahimi, 2017-08-17 The creation of Afghanistan in 1880 following the Second Anglo Afghan War gave an empowering voice to the Pashtun people the largest ethnic group in a diverse country In order to distil the narrative of the state s formation and early years a Pashtun centric version of history dominated Afghan history and the political process from 1880 to the 1970s Alternative discourses made no appearance in the fledgling state which lacked the scholarly institutions and any sense of recognition for history thus providing no alternatives to the narratives produced by the British whose quasi colonial influence in the region was supreme Since 1970 the ongoing crises in Afghanistan have opened the space for non Pashtuns including Tajiks Hazaras and Uzbeks to form new definitions of identity challenge the official discourse and call for the re writing of the long established narrative At the same time the Pashtun camp through their privileged position in the political settlements of 2001 have attempted to confront the desire for change in historical perceptions by re emphasising the Pashtun domination of Afghan history This crisis of hegemony has led to a deep antagonism between the Pashtun and non Pashtun perspectives of Afghan history and threatens the stability of political process in the country *Laclau* Simon Critchley, Oliver Marchart, 2012-12-06 Laclau A Critical Reader is the first full length critical appraisal of Laclau s work and includes contributions from several leading philosophers and theorists The first section examines Laclau s theory that the contest between universalism and particularism provides much of the philosophical background to political and social struggle taking up the important place accorded to amongst others Hegel and Lacan in Laclau s work The second section of the book considers what Laclau s radical democracy might look like and reflects on its ethical implications particularly in relation to Laclau s post Marxism and thinkers such as J rgen Habermas The final section investigates the place of hegemony in Laclau s work the idea for which he is perhaps best known This stimulating collection also includes replies to his critics by Laclau and the important exchange between Laclau and Judith Butler on equality making it an excellent companion to Laclau s work and essential reading for students of political and social theory **The Kurdish National Movement in Turkey** Cengiz Gunes, 2012 This book provides an interpretive and critical analysis of Kurdish identity nationalism and national movement in Turkey since the 1960s By raising issues and questions relating to Kurdish political identity and highlighting the ideological specificity diversity and the transformation of Kurdish nationalism

it develops a new empirical dimension to the study of the Kurds in Turkey Cengiz Gunes applies an innovative theoretical approach to the analysis of an impressively large volume of primary sources and data drawn from books and magazines published by Kurdish activists political parties and groups The analysis focuses on the specific demands articulated by the Kurdish national movement and looks at Kurdish nationalism at a specific level by disaggregating the nationalist discourse showing variations over time and across different Kurdish nationalist organisations Situating contemporary Kurdish political identity and its political manifestations within a historical framework the author examines the historical and structural conditions that gave rise to it and influenced its evolution since the 1960s The analysis also encompasses an account of the organisational growth and evolution of the Kurdish national movement including the political parties and groups that were active in the period Bringing the study of the organisational development and growth of the Kurdish National Movement in Turkey up to date this book will be an important reference for students and scholars of Middle Eastern politics social movements nationalism and conflict

Discourse Theory and Political Analysis David R. Howarth, Aletta J. Norval, Yannis Stavrakakis, 2000 Drawing inspiration from the works of those such as Jacques Derrida and Michel Foucault the contributors address questions using a common theoretical language and also assess the future directions of discourse theory in the social sciences

Discourse Theory and Cultural Analysis Nico Carpentier, Erik Spinoy, 2008 This book fills the gap between discourse theory and cultural approaches and provides an innovative and interdisciplinary contribution to areas such as cultural studies political science literary art communication and media studies the Internet and film studies By strictly focusing on the discourse theory of Laclau and Mouffe the authors have distilled a coherent volume out of a diversity of perspectives that offer important contributions to a wide range of academic discussions fields and disciplines

Social Theory and Practice ,2012 **Pragmatics** ,2012 **Polish Sociological Review** ,2007 Journal of the Indiana Academy of the Social Sciences ,2006 **Discourse and Discord Over Development** Christopher John Anderson, 2009 **Words Matter in Policy and Planning** Margo van den Brink, Tamara Metze, 2006 Contents 1 **The Discursive Construction of National Identities Through Narratives of Immigration in German and American Social Studies Textbooks** Jan M. Kotowski, 2011 **Post-Soviet Affairs** ,2007 **Abandoning Historical Conflict?** Peter Shirlow, 2010-08-15 Drawing on over 150 interviews with former IRA INLA UVF and UFF prisoners this is a major analysis of why Northern Ireland has seen a transition from war to peace Most accounts of the peace process are top down relying upon the views of political elites This book is bottom up analyzing the voices of those who actually fought the war What made them fight why did they stop and what are the lessons for other conflict zones Using unrivalled access to members of the armed groups the book offering a critical appraisal of one dimensional accounts of the onset of peace grounded in mutually hurting stalemate and ripeness which downgrade the political and economic aspects of conflict Military stalemate had been evident since the early 1970s and offers little in explaining the timing of the peace process Moreover republicans and loyalists based their ceasefires upon

very different perceptions of transformation or victory Based on a Leverhulme Trust project and written by an expert team Abandoning Historical Conflict offers a new analysis based on subtle interplays of military political economic and personal changes and experiences Combined these allowed combatants to move from violence to peace whilst retaining core ideological beliefs and maintaining long term constitutional visions Former prisoners now act as ambassadors for peace in Northern Ireland Knowledge of why and how combatants switched to peaceful methodologies amid widespread skepticism over prospects for peace is essential to our understanding of the management of global peace processes Abandoning Historical Conflict is essential reading for policy makers academics students and anyone with an interest in how war can become peace

On Behalf of Others Sarah Scuzzarello, Catarina Kinnvall, Kristen R. Monroe, Kristen Renwick Monroe, 2009-10-29 On Behalf of Others offers both a theoretical and empirical discussion of the psychology of ethics and care in a global world The book takes an interdisciplinary approach to understanding how political economic social and psychological forces interact and are mutually reinforced in a global context

Postsocial History Miguel A. Cabrera, 2004 In this title Canbrera argues for the inclusion of language in a new model of social history that challenges traditional historiographical theory

The Experience of Civic Discourse Yuan-Chi Lai, 2004

Revue roumaine de philosophie, 2005

Historical Social Research, 2008
