Equal Katia Adams, 2019-09-01 In Equal Church and ministry leader Katia Adams argues that the church has too often misrepresented the heart of Jesus to release and empower women and men With sensitivity to both sides of the argument Adams draws on the wisdom of Scripture theology and the Holy Spirit Blending them with her own personal experiences she asserts that both women and men are equally called to serve and lead in the church and in the world and that by restricting the roles of women we are missing God s design for the church and for the gospel s impact on the earth

Head of the House: Merelyn Webber, 2022-09-15 Much has been written to counter the idea that women should assume leadership roles whether in the church home or workplace Little however has been written to show how in avoiding leadership women might be abnegating their God ordained role as coleaders with men Women who want to know that they are walking in the fullness of God's will for their lives will need to answer this question for themselves is it a sin for women to lead In Head of the House Merelyn Webber addresses the question is it a sin for women to lead She contends that the issue of equal opportunity for women and men to rule needs to be examined soberly by all and not left to the experts to decide Derived from her personal relationship with Jesus her years of experience of marginalization in ministry within the church setting her years of study toward her MDiv and her call to ministry Merelyn offers a Biblical perspective of women in ministry Head of the House is a book about women It is to women and for women It is designed to help them understand for themselves what God and his word have to say about what he intends their roles in society to be

Untie the Cords of Silence Michael Huffman, 2022-01-03 Christians often feel they are faced with a choice Either I compromise

my commitment to biblical authority or I embrace male authority over women as the Bible teaches Such a dilemma tends to prod Christians often reluctantly down one of two paths One path involves relegating the Bible's teaching to an antiquated past Certain passages are labeled artifacts of a patriarchal culture and deemed irrelevant for today The other path involves a doubling down in which Christians commit themselves to the Bible's perceived teaching about male authority and thereby set themselves over against a full commitment to equality Untie the Cords of Silence shows through careful readings of relevant biblical passages that Christians need not go down either of these paths It is possible to hold to both biblical authority and the full equality of men and women In fact doing so is the most logically coherent way of applying the Bible's message to the Christian life This book does not merely provide a way to tolerate the problem texts Instead it restores these texts to their rightful place as coherent integrated parts of the Bible's message of salvation and freedom in Christ

Created Male and Female Terrance Randall Wardlaw,2021-01-19 In a culture where gender neutrality is the ideal why is it significant that we were created differently as male and female As the ethical consequences of the gender debate in the last generation manifest themselves this book explores biblical teaching in order to work toward a Christian perspective This discussion traces the theme of creation as male and female through the canon from the Pentateuch to the epistles and demonstrates how Pauline interpretation flows from Genesis 1:3 The grounding of the distinction between male and female in Genesis 1 as the climax of creation suggests the ethics associated with creation as male and female abide universally and for all time This book intends to present a comprehensive yet reasonably concise presentation of biblical teaching on creation as male and female without bogging down in the detailed disputes between complementarian and egalitarian writers This discussion considers each passage within its literary context and patristic writers from the first few centuries of the church function as a control on interpretation
