**Dirty Little Secret** Kendall Ryan, 2017-09-14      Dirty Little Secrets Larry Sabato, Glenn R. Simpson, 1996 Political corruption in America is worse today than it has been since the Watergate era Americans know it and the politicians have known it for years Urgent calls for reform have become standard fare but nothing changes A Democrat President and a Republican Congress were both elected on the strength of their promises of reform Neither has delivered Americans contemplate the tottering remains of our ethically bankrupt political system with despair Fact The Christian Coalition's 1994 voter guides appear to have been skewed to favor Republican candidates in key congressional races across the country in direct contravention of federal election law The truth is the politicians couldn't be happier dickering over the remains of the welfare state Because as you'll learn in *Dirty Little Secrets* there is probably not a politician in America who does not benefit directly personally and continually from the status quo Fact The state Democratic party in Tennessee paid sums in excess of six figures to a number of groups and organizations for various political services in 1994 The problem None of the groups actually exist except on paper Our Politicians from those in the highest reaches of the Republican and Democratic parties to those in the humblest state congressional districts evade massaging and even break the law in order to hold on to power But instead of merely unmasking corrupt politicians in every region of the country *Dirty Little Secrets* analyzes why corruption persists in American politics despite scandal after scandal and in spite of periodic bursts of reform Fact On the eve of the 1994 elections mock pollsters called up thousands of voters in one Wisconsin congressional district to ask whether their electoral decisions would be influenced if they knew one of the candidates was a lesbian Most politicians want to do the right thing But they also want to be reelected and the system is far stronger than any honest man or woman The influence of money and the intricacies of the levers of power make it easier for politicians to ignore the law than to obey it In *Dirty Little Secrets* you will read of the conservative movement's hidden manipulations in 1994 and learn the truth about Newt Gingrich's twenty year program of political destabilization The history of the corrupt House the Democrats built with the help of liberal interest groups stands revealed And Larry J. Sabato and Glenn R. Simpson expose the corrupt and illegal tactics both parties have used for decades to protect and promote their own power Fact In 1994 in Alabama one local election was decided by three hundred votes Seventeen hundred ballots cast in that election were illegally admitted absentee ballots some of them submitted by dead people Sabato and Simpson's fresh reporting and thousands of hours of background research include interviews with influential politicians consultants and political operatives Freedom of Information Act requests and thousands of pages of obscure campaign reports They prove corruption is not about bad apples or colorful local traditions And they offer a completely original plan for reform Deregulation Plus that will frighten both parties and make the American electorate smile for the first time in years *Dirty Little Secrets* pulls together the corruption story from all parts of the country so overwhelmingly that no one from the White House to your house will be able to deny that political reform must be one of

Dunnigan,1999-09-22 The popular author of *Dirty Little Secrets* *Dirty Little Secrets of World War II* and *Dirty Little Secrets of the Vietnam War* offers a comprehensive look at what really happened in our century exposing the real stories behind what we ve always assumed as fact In a concise easy to read format Dunnigan divulges 150 of the biggest misconceptions about the twentieth century organizing them under a broad range of such categories as the military entertainment technology and politics In the same thoughtful but slightly irreverent style that has characterized the *Dirty Little Secrets* series Dunnigan explains why nongovernment organizations are actually more powerful than many governments and how the use of droids or combat robots has gone largely unnoticed He reports the real reason the human life span is so much longer now and reveals that this century has been as plagued as the Middle Ages by religious wars And while we might think that wars or epidemics have been the primary cause of death in the twentieth century Dunnigan reveals that more people have been killed by their own governments than any other means Perfectly timed for the approach of a new millennium *Dirty Little Secrets of the Twentieth Century* reveals the shape of the past and direction of our future through the best kept secrets and surprises of the century      **Amazon's Dirty Little Secrets** Greg Jameson,2014-08-01 Many people believe that Amazon s success is the direct result of a strong user shopping experience This however is only part of the reason why Amazon is the number one ecommerce company in the world for almost two decades The real reason behind Amazon s success is that they have mastered the art of getting other people to market and sell for them From affiliate partners that drive traffic to online reviews and ratings where customers tell other customers why they should buy a product to getting free publicity from shows like Oprah or 60 Minutes Amazon is the online company to emulate Amazon s *Dirty Little Secrets* will show you how you can accomplish this for your company Amazon s *Dirty Little Secret* is getting others to do their marketing and sales for them This is so powerful that Greg created an acronym using the word POWER P Plenty of traffic O
