Disability And Social Movements Learning From Australian Experiences Interdisciplinary Disability Studies:

Disability and Social Movements Rachel Carling-Jenkins, 2014 This book provides the reader with a ground breaking understanding of disability and social movements By describing how disability is philosophically historically and theoretically positioned Carling Jenkins is able to then examine disability relationally through an evaluation of the contributions of groups engaged in similar human rights struggles The book locates disability rights as a new social movement and provides an explanation for why disability has been divided rather than united in Australia Finally it investigates whether the recent campaign to implement a national disability insurance scheme represents a re emergence of the movement **Dwarfism,**

Spatiality and Disabling Experiences Erin Pritchard, 2020-11-29 This book provides an in depth analysis of the social and spatial experiences of people with dwarfism an impairment that results in a person being no taller than 4'10" This book engages with the concept that dwarfism's most prominent feature body size and shape can form the basis of social discrimination and disadvantages within society By ignoring body size as a disability it is hard to see the resulting disabling consequences of the built environment Using a mixed methods approach and drawing on the work undertaken by human geographers and disability studies academics this book analyses how the relationship between harmful cultural stereotypes and space shapes everyday experiences of people with dwarfism and works to socially exclude them in diverse ways Showing how spatial and social barriers are not mutually exclusive but can influence one another this book responds to the limited academic work on the subject of dwarfism whilst also contributing to the study of geographies of body size It will be of interest to all scholars and students of disability studies human geography the built environment sociology and medical humanities **The Fantasy of Disability** Jeffrey Preston, 2016-07-15 What are the unconscious fantasies circulating in representations of disability What role do these fantasies play in defining the condition of disability What can these fantasies teach us about human vulnerability writ large The Fantasy of Disability explores how popular culture texts such as Degrassi The Next Generation and Glee fantasize about what life with a physical disability must be like while at the same time exerting tremendous pressure on disabled individuals to conform their identity and behaviour to fit within the margins of these societally perpetuated archetypes Rather than merely engaging with how disability is represented though this text investigates how representations of disability reveal their nondisabled producers to be perpetually anxious subjects doomed to fear not just the disabled subject but the very reality of disability lurking within Situated at the nexus of disability studies media studies and psychology this text presents an innovative way of analyzing representations of disability in popular culture inverting the psychoanalytic gaze back upon the nondisabled to investigate how disability can become a lens through which to interrogate the normate subject Disability Human Rights Law 2018 Anna Arstein-Kerslake (Ed.), 2018-11-14 This book is a printed edition of the Special Issue Disability Human Rights Law that was published in Laws **Disability and**

Citizenship Studies Marie S  pulchre, 2020-09-24 Focusing on the case of disability this book examines what happens when

previously marginalised individuals obtain the legal recognition of their equal citizenship rights but cannot fully enjoy these rights because of structural inequality Bringing together disability and citizenship studies it explores an original conceptualisation of disability as a distinct social division and approaches citizenship as a developing institution In addition to providing innovative theoretical perspectives on citizenship and disability this book is grounded in the empirical analysis of the claims of disability activists in Sweden Drawing on a wide range of blog posts and debate articles it sheds light upon the inequality and domination faced by disabled people in Sweden and underlines the disability activists proactive ideas and solutions for constructing a more equal citizenship This book will be of interest to scholars activists and policymakers in the fields of disability citizenship social inequality human rights politics activism social welfare and sociology *The Routledge Handbook of Disability Activism* Maria Berghs, Tsitsi Chataika, Yahya El-Lahib, Kudakwashe Dube, 2019-10-28 The onslaught of neoliberalism austerity measures and cuts impact of climate change protracted conflicts and ongoing refugee crisis rise of far right and populist movements have all negatively impacted on disability Yet disabled people and their allies are fighting back and we urgently need to understand how where and what they are doing what they feel their challenges are and what their future needs will be This comprehensive handbook emphasizes the importance of everyday disability activism and how activists across the world bring together a wide range of activism tactics and strategies It also challenges the activist movements transnational and emancipatory politics as well as providing future directions for disability activism With contributions from senior and emerging disability activists academics students and practitioners from around the globe this handbook covers the following broad themes Contextualising disability activism in global activism Neoliberalism and austerity in the global North Rights embodied resistance and disability activism Belonging identity and values how to create diverse coalitions for rights Reclaiming social positions places and spaces Social media support and activism Campus activism in higher education Inclusive pedagogies evidence and activist practices Enabling human rights and policy Challenges facing disability activism The Routledge Handbook of Disability Activism provides disability activists students academics practitioners development partners and policy makers with an authoritative framework for disability activism

The Bloomsbury Handbook of Theories in Childhood Studies Sarada Balagopalan, John Wall, Karen Wells, 2023-11-02 The Bloomsbury Handbook of Theories in Childhood Studies brings together an international group of childhood studies scholars who work with a range of critical theories It speaks to both scholars and students by addressing questions such as how childhoods are diversely constructed and how children's experiences can be better understood The volume draws together a diversity of theoretical perspectives from the social sciences and humanities such as critical race studies disability studies posthumanism feminism politics decolonialism queer theory and postcolonialism to generate a much needed conversation about how to move childhood studies forward as a grounded field of research The volume is subdivided into three sections subjectivities relationalities and structures each of which addresses different but interrelated approaches to childhood

studies theorization This handbook will be an essential text not just for childhood studies researchers but for all those interested in theorizing what childhood is what work it does and who children are

Interdisciplinary Approaches to Disability Katie Ellis, Rosemarie Garland-Thomson, Mike Kent, Rachel Robertson, 2018-12-12 How can a deep engagement with disability studies change our understanding of sociology literary studies gender studies aesthetics bioethics social work law education or history Interdisciplinary Approaches to Disability the companion volume to Manifestos for the Future of Critical Disability Studies identifies both the practical and theoretical implications of such an interdisciplinary dialogue and challenges people in disability studies as well as other disciplinary fields to critically reflect on their professional praxis in terms of theory practice and methods Topics covered include interdisciplinary outlooks ranging from media studies games studies education performance history and curation through to theology and immunology Perspectives are drawn from different regions from the European Union to the Global South with chapters that draw on a range of different national backgrounds Our contributors who write as either disabled people or allies do not proceed from a singular approach to disability often reflecting different or even opposing positions The collection features contributions from both established and new voices in international disability studies outlining their own visions for the future of the field Interdisciplinary Approaches to Disability will be of interest to all scholars and students working within the fields of disability studies cultural studies sociology law history and education The concerns raised here are further in Manifestos for the Future of Critical Disability Studies

Disability and Social Media Katie Ellis, Mike Kent, 2016-11-10 Social media is popularly seen as an important media for people with disability in terms of communication exchange and activism These sites potentially increase both employment and leisure opportunities for one of the most traditionally isolated groups in society However the offline inaccessible environment has to a certain degree been replicated online and particularly in social networking sites Social media is becoming an increasingly important part of our lives yet the impact on people with disabilities has gone largely unscrutinised Similarly while social media and disability are often both observed through a focus on the Western developed and English speaking world different global perspectives are often

overlooked This collection explores the opportunities and challenges social media represents for the social inclusion of people with disabilities from a variety of different global perspectives that include Africa Arabia and Asia along with European American and Australasian perspectives and experiences *APAIS, Australian Public Affairs Information Service*
