Disability Technology Key Papers Society:

Disability and Technology Alan Roulstone, Alison Sheldon, Jennifer Harris, 2017-10-02 This edited collection brings together keynote articles from the journal *Disability* key empirical studies related to the optimum use of technologies for independence and inclusion and new moral and social dynamics thrown up by technological developments for disabled people's lives

Disability and Technology Alan Roulstone, 2016-06-11 This book brings together formally disparate literatures and debates on disability and technology in a way that captures the complex interplay between the two Drawing on disability studies technology studies and clinical studies the book argues that interdisciplinary insights together provide a more nuanced and less stylized picture of the benefits and barriers in disability and technology Drawing on a breadth of empirical studies from across the globe a picture emerges of the complex and multi directional interplay of technology and disability Technology is neither inherently enabling or disabling but fundamentally shaped by the social dynamics that shape their design use and impact
