**The Orchid Trilogy** Jocelyn Brooke, 2017-10-12 A disarming lyrical hybrid of fiction and autobiography this forgotten masterpiece of post war English fiction follows a small boy through his First World War childhood and teenage years on the Kentish coast then into the army and frontline service in the Second World War Obsessed by his strange twin passions for orchids and for fireworks the author narrator paints a haunting portrait of a childhood and adulthood interleaved with one another in a near mystical rural idyll Defined by his unspoken homosexuality the books capture the unfolding of a melancholy often painfully sensitive male consciousness First published in the late 1940s as three separate but interlinked volumes *The Military Orchid* *A Mine of Serpents* and *The Goose Cathedral* The Orchid Trilogy conjures up a rapturous fantastical portrait of England at war and peace in the 20th century Witty subtle and deceptively simple this unjustly neglected classic that has yet to be surpassed in its exploration of the magical world of childhood One of those too rare books whose enjoyability makes it seem too short Elizabeth Bowen It is a kind of collage of sharply drawn bits of real life excellently described and artistically arranged Stephen Spender Reminiscence and reflection and description are woven together to make a curious and fascinating tapestry David Cecil Mr Brooke's finely shaped prose his wit percipience and liveliness in the description of people places and states of mind are a rare delight The Scotsman A sad funny densely detailed yet continuously readable experience The Observer One of the most exciting creative artists of our time and one who will consistently evade all the literary categories John Pudney

**Musical Courier and Review of Recorded Music**, 1921 Standard Catalog for Public Libraries H.W. Wilson Company, 1977 Includes an abridged edition of 1908 catalog issued under title English prose fiction list of about 800 title

**The Musician**, 1926 *On the Battlefield of Memory* Steven Trout, 2010-09-02 This work is a detailed study of how Americans in the 1920s and 1930s interpreted and remembered the First World War Steven Trout asserts that from the beginning American memory of the war was fractured and unsettled more a matter of competing sets of collective memories each set with its own spokespeople than a unified body of myth The members of the American Legion remembered the war as a time of assimilation and national harmony However African Americans and radicalized whites recalled a very different war And so did many of the nation's writers filmmakers and painters Trout studies a wide range of cultural products for their implications concerning the legacy of the war John Dos Passos's novels *Three Soldiers* and *1919* Willa Cather's *One of Ours* William March's *Company K* and Laurence Stallings's *Plumes* paintings by Harvey Dunn Horace Pippin and John Steuart Curry portrayals of the war in *The American Legion Weekly* and *The American Legion Monthly* war memorials and public monuments like the Tomb of the Unknown Soldier and commemorative products such as the twelve inch tall Spirit of the American Doughboy statue Trout argues that American memory of World War I was not only confused and contradictory during the 20s and 30s but confused and contradictory in ways that accommodated affirmative interpretations of modern warfare and military service Somewhat in the face of conventional wisdom Trout shows that World

War I did not destroy the glamour of war for all or even most Americans and enhanced it for many
