Discourse Strategies John J. Gumperz, 1982-09-30 The volume will be of central interest to anyone concerned with communication in the fields of interethnic or industrial relations      **Discourse Strategies** John Joseph Gumperz, 1982

**Discourse Strategies** John J. Gumperz, 1987      Language and Interaction Susan L. Eerdmans, Carlo L. Prevignano, Paul J. Thibault, 2003-02-28 This book features a fascinating and extended focal interview with Professor John J Gumperz who ranges over his long career trajectory and reflects on his scientific achievements and how they relate to the contemporary linguistic scene In this way the reader is presented with a snapshot introduction to Gumperz s work in a contemporary context A number of commentaries provide a stimulating and illuminating series of theoretical and applied encounters with Gumperz s work from different perspectives In so doing they shed new light on Gumperz s seminal contribution to the study of language and interaction In his Response Essay and in a final discussion Gumperz clarifies his views on many of the topics discussed in the volume as well as sharing with readers his views on some other approaches to language and interaction that are closely aligned to his own Sociolinguistics the ethnographic approach to language language and social interaction intercultural communication communicative conventions contextualization these are some of the key terms which Professor John J Gumperz discusses in this wide ranging and searching interview about his career as an anthropological linguist and sociolinguist interested in cultural diversity and intercultural communication John J Gumperz Professor Emeritus of Anthropology University of California Berkeley is one of the founders of Sociolinguistics whose early work on speech communities and on the relationship of linguistic to social boundaries helped lay the basis for much current work in the field Since the 1970s he has concentrated on a theory and methods of discourse analysis that can account for the intrinsic diversity of today s communicative environments His publications include *Language in Social Groups* 1962 *Ethnography of Communication* 1964 and *Directions in Sociolinguistics* 1972 2002 both coedited with Dell Hymes *Discourse Strategies* 1982 *Language and Social Identity* 1982 and *Rethinking Linguistic Relativity* 1996 coedited with Steven Levinson He is currently working on a collection of studies *New Ethnographies of Communication* coedited with Marco Jacquemet and *Language in Social Theory*      Handbücher zur Sprach- und Kommunikationswissenschaft Hans Goebel, Herbert Ernst Wiegand, 1996

The SAGE Handbook of Sociolinguistics Ruth Wodak, Barbara Johnstone, Paul E Kerswill, 2011 This Handbook answers a long standing need for an up to date comprehensive international in depth critical survey of the history trajectory data results and key figures involved in sociolinguistics The result is a work of unprecedented coverage and insight It is all here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans border fluidities and agendas of research      *A Deaf Take on Non-Equivalence in Written Chinese Translation* Chan Yi Hin, 2023-08-25 *A Deaf Take on Non Equivalence in Written Chinese Translation* examines the issue of lexical non equivalence between written Chinese and Hong Kong Sign Language HKSL translation describing its theoretical and

practical implications This research foregrounds the semiotic resources in the Deaf community of Hong Kong by analyzing translation strategies exhibited by Deaf Hongkongers when they were invited to translate written Chinese passages with specialized and culturally specific concepts in a monologic setting With discourse analysis as a framework the major findings of this research were that 1 a taxonomy of strategies featured depiction manual representations of Chinese characters and visual metonymy writing and mouthing 2 employment of multisemiotic and multimodal resources gave intended viewers access to different facets of meaning and 3 repeated renditions of the same concepts gave rise to condensed abbreviated occasionalisms Observations from this research serve as a point of reference for interpreting scholars practitioners and students as well as policymakers who formulate interpretation service provision and assessment

*Routledge Revivals: Language, Education and Society Series* Various Authors, 2022-07-30 First published between 1985

and 1987 this set of books attempts to tackle some of the complex issues implied by the title Language Education and Society For example how is language related to learning Or to intelligence Do regional and social accents and dialects matter What is meant by standard English Do immigrant children require special language provision Why are there so many adult illiterates in Britain and the USA Although the importance of language to education is agreed there is still a lot to learn about how language is related to either to educational success or to intelligence and thinking both fields to which this collection contributes valuable research Some of the specific topics the covered by the wide ranging and insightful research contained in this series include an analysis of the school teaching of mathematics from the perspective of mathematics as a language principally how the processes of communication in a maths classroom are shaped by school conventions and the fact that it is mathematics under discussion an examination of the changing patterns in English usage and style especially written usage focusing on questions of syntax and punctuation and how this relates to speech and the value of usage as a social act an exploration of the history and impact of mass literacy on industrialised societies how this differs from traditional oral culture and the effect of a culture where most people rely on complex combinations of oral and literate communication on a sizable sub literate minority an investigation into which languages are in widespread use among children and adults in England the patterns of language use in different social contexts the teaching of community languages inside and outside of mainstream schools and the educational implications of this linguistic diversity for all children This set will be of interest to educational researchers sociologists and students of sociolinguistics

*Comparative Strategies for Managing Linguistic Repertoires* Désirée A. Baron,1999      Language Mixing in Infant Bilingualism Elizabeth Lanza,2004 This book addresses the issue of language contact in the context of child language acquisition Elizabeth Lanza examines in detail the simultaneous acquisition of Norwegian and English by two first born children in families living in Norway in which the mother is American and the father Norwegian She connects psycholinguistic arguments with sociolinguistic evidence adding a much needed dimension of real language use in context to the psycholinguistic studies which have dominated the field She draws upon evidence from other studies to support her claims concerning language dominance and the child s differentiation between the two languages in relation to the situation interlocutor and the communicative demands of the context She also addresses the question of whether or not the language mixing of infant bilingualism is conceptually different from the codeswitching of older bilinguals thus helping to bridge the gap between these two fields of study
