Dionysos. [By various authors.]. DIONYSOS., 1937 *Redefining Dionysos* Alberto Bernabé, Miguel Herrero de Jáuregui, Ana Isabel Jiménez San Cristóbal, Raquel Martín Hernández, 2013-06-26 This book contributes to the understanding of Dionysos the Greek god of wine dancing theatre and ecstasy by putting together 30 studies of classical scholars They combine the analysis of specific instances of particular dimensions of the god in cult myth literature and iconography with general visions of Dionysos in antiquity and modern times Only from the combination of different perspectives can we grasp the complex personality of Dionysos and the forms of his presence in different cults literary genres and artistic forms from Mycenaean times to late antiquity The ways in which Dionysos was experienced may vary in each author each cult and each genre in which this god is involved Therefore instead of offering a new all encompassing theory that would immediately become partial the book narrows the focus on specific aspects of the god Redefinition does not mean finding again the essence of the god but obtaining a more nuanced knowledge of the ways he was experienced and conceived in antiquity
