

DIRECTV® Antenna Installation Manual

SlimLine™ Multi-Satellite Dish Antenna with Integrated Ka/Ku LNBs and Built-in Multi-Switch

Introduction

This Multi-Satellite Dish antenna requires specialized tools and equipment for successful installation. Therefore we recommend professional installation only. This manual is a guide for the professional installer.

The DIRECTV *SlimLine* Multi-Satellite Dish antenna is primarily designed for use with up to four independently operating DIRECTV Ka/Ku MPEG-4 HD Receivers but will function with other DIRECTV receivers as well. Along with the receiver User Manual, this guide will provide the information needed to successfully install and operate the DIRECTV System. Throughout this manual, this DIRECTV *SlimLine* Multi-Satellite Dish Antenna may also be referred to as the "antenna".

For best results, we suggest you read carefully through these pages first before beginning installation. The guide is intended for individuals experienced in performing the various tasks described, including:

- Determining an antenna location with a good southerly view of the satellites.
- Climbing a ladder and working on your roof.
- Observing safe working practices around heights and electrical hazards.
- Determining if there are water pipes, gas lines or wiring hidden in walls where you are going to drill.
- Using a power drill to drill holes into a structure.
- Routing coaxial cable(s) through foundation, wall, under-floor, attic or interior walls.
- Safely lifting and securing the 30-lb. antenna assembly.
- Grounding the antenna and cable(s) as recommended in the National Electric Code (NEC).

Safety Information

Local and National electrical codes (NEC) require the antenna and the coaxial cables to be connected to a grounding electrode. Improper installation may seriously damage the equipment or the building, as well as cause injury or death to you. For your own safety, follow these important safety rules or contact a licensed inspector or electrician in your area for assistance.

- If you will be mounting the antenna in a location where it will be difficult or dangerous to view the attached bubble level (see page 61), use a small mirror or plumbing level instead. DO NOT risk falling.
- Perform as many functions as possible on the ground.
- Do not install the antenna on a rainy, snowy or windy day.
- Make sure there are no people, pets, etc. below when you are working on the roof.
- Watch out for power lines which may be overhead, underground and/or hidden behind walls, keeping safely clear of them with ladders, antenna and tools during installation.

The Federal Communications Commission (FCC) has ruled that a local government or homeowner's association may not prevent the installation of satellite antennas one meter or smaller in diameter, unless legitimate safety restrictions such as fire codes are in effect. Call FCC toll (202) 418-0163. See FCC Web sites at <http://www.fcc.gov/ohp/satellite.html> or <http://www.fcc.gov/nbt/facts/stand.html> for more information.

ACTIVATION OF PROGRAMMING MAY BE SUBJECT TO CREDIT APPROVAL AND REQUIRES VALID SERVICE ADDRESS, SOCIAL SECURITY NUMBER AND/OR MAJOR CREDIT CARD. DEPOSIT OR PREPAYMENT MAY BE REQUIRED. Programming subject to change. You must be physically located in the U.S. to be an authorized DIRECTV customer. DIRECTV services not provided outside the U.S. DIRECTV programming is sold separately and independently of DIRECTV System hardware. A valid programming subscription is required to operate DIRECTV System hardware. Activate your DIRECTV programming today at 1-800-DIRECTV (1-800-347-3366).
