Concepts for Nursing Practice E-Book Jean Foret Giddens, 2023-10-13. Selected for Doody's Core Titles 2024 with Essential Purchase designation in Fundamentals. Learn a conceptual approach to nursing care and how to apply concepts to a wide variety of clinical settings. *Concepts for Nursing Practice* 4th Edition uses a straightforward, intuitive approach to describe 60 important concepts spanning the areas of patient physiology, patient behavior, and the professional nursing environment. Exemplars identified for each concept provide useful examples and models helping you more easily understand concepts and apply them to any clinical setting. To reinforce understanding, this text also makes connections among related concepts via eBook links to exemplars of those concepts in other Elsevier textbooks in your eBook library. New to this edition are six new concepts and a focus on related core competencies. Written by conceptual learning expert Jean Giddens, this authoritative text will help you build clinical judgment skills and prepare confidently for almost any clinical nursing situation. Authoritative content written by expert contributors and meticulously edited by concept-based curriculum (CBC) expert Jean Giddens sets the standard for the growing CBC movement. Clearly defined and analyzed nursing concepts span the areas of patient physiology, patient behavior, and the professional nursing environment. Featured Exemplars sections describe selected exemplars related to each nursing concept, covering the entire lifespan and all clinical settings, and help you assimilate concepts into practice. Integrated exemplar links connect you to concept exemplars in other purchased Elsevier nursing titles. Logical framework of concepts by units and themes helps you form immediate connections among related concepts. A key to conceptual learning, Case Studies in each chapter make it easier to apply knowledge of nursing concepts to real-world situations. Interrelated Concepts illustrations provide visual cues to understanding and help you make connections across concepts.
