## **Discourse Theory And Political Analysis Identities Hegemoni:**

Discourse Theory and Political Analysis David R. Howarth, Aletta J. Norval, Yannis Stavrakakis, 2000-11-18 How can recent developments in post structuralist post Marxist and psychoanalytical theory actually inform ongoing empirical research What are the appropriate methods and research strategies for conducting research in discourse theory and analysis How can concepts such as hegemony identity the imaginary dislocation and empty signifiers illuminate key aspects of contemporary society and politics This pathbreaking and multi focal book contains a clear introductory statement of the theoretical approach used and concludes with an assessment of the future directions of discourse theory in the social sciences

**Islamism and the Quest for Hegemony in Indonesia** Luqman Nul Hakim, 2023-02-25 This book examines the failure of Islamic politics in becoming a hegemonic force in Indonesia and the far reaching consequences for current practices of democracy and of Islam itself In contrast to the thesis of compatibility between Islam and democracy following the dominant discourse of the Global War on Terror GWOT and neoliberal democracy this study situates Islamic politics in broader social settings by examining its nature and trajectories throughout Indonesia s modern political history The book thus investigates how the practices of Islamic politics or Islamism have shaped and been transformed through political contestations and the formation of coalitions of multiple forces in constructing Indonesia s socio political landscape Using the concept of hegemony from poststructuralist discourse theory the analytical framework applied in this book goes beyond liberal epistemologies of Islamism that prescribe the separation of religion from politics and treat Islamism as an object of intervention Instead the book is premised on the contention that Indonesia is a political construction in which Islam has become one of the major discourses that have defined and transformed Indonesia s nation state throughout history In this view it is argued that the nature and dynamics of Islamism are not driven primarily by different interpretations of religious doctrines cultural norms or by the imperative of institutions Rather the struggles of different Islamist projects in their quest for hegemony are contingent on the outcomes of socio political changes and contestations that involve multiple political forces both within and beyond the Islamists in specific historical conjunctures

State Formation in Afghanistan Mujib Rahman Rahimi, 2017-08-17 The creation of Afghanistan in 1880 following the Second Anglo Afghan War gave an empowering voice to the Pashtun people the largest ethnic group in a diverse country In order to distil the narrative of the state s formation and early years a Pashtun centric version of history dominated Afghan history and the political process from 1880 to the 1970s Alternative discourses made no appearance in the fledgling state which lacked the scholarly institutions and any sense of recognition for history thus providing no alternatives to the narratives produced by the British whose quasi colonial influence in the region was supreme Since 1970 the ongoing crises in Afghanistan have opened the space for non Pashtuns including Tajiks Hazaras and Uzbeks to form new definitions of identity challenge the official discourse and call for the re writing of the long established narrative At the same time the Pashtun camp through their privileged position in the political settlements of 2001 have

attempted to confront the desire for change in historical perceptions by re emphasising the Pashtun domination of Afghan history This crisis of hegemony has led to a deep antagonism between the Pashtun and non Pashtun perspectives of Afghan history and threatens the stability of political process in the country     *Discourse Theory and Political Analysis* David R.
