For the serious student of life here in the Earth School, this work may help you push your own boundaries of beliefs, perceptions, and assumptions and lead you into a deeper course of inquiry within the heart and soul of you. It's in large part why you are here. So I've gathered together three works that explore different aspects of consciousness with a small 'c' and along with painting a different perspective of the big 'C' in terms of the Cosmic Consciousness Source or God, however it is you might like to reference it. It is my contribution towards helping to create that little instruction book we all could use. It is my greatest hope that you might find something of value, something to make you think or something that might give you pause to realize you are so much more than you've been taught by conventional religion and various courses of earliest teachings from elementary school and beyond. *Loose-Leaf Version for Discovering Psychology & Launchpad for Discovering Psychology (Six Month Access) [With Access Code]* Sandra E.
