Enhancing Organizational Performance A toolbox for self assessment *LEADERSHIP AND ORGANISATIONAL PERFORMANCE* Dr. Godwin C. Arikibe, 1901 Leadership is inherent in every being despite one's job profile But qualitative training and other traits are very important for the right behaviours Every follower possesses attribute of a leader but because these are somewhat concealed to lead effectively becomes a huge challenge to many This book is as a result of many years of research It focused on discovering those behavioural attributes that could combine effectively with the leader's competing roles to enhance his performance A Competing Value Framework CVF was applied to understand the leadership behaviours characteristics attributes and roles that could influence a leader even in the face of contingency factors The result was quite revealing Leaders that combine their roles with other attributes skills achieve behavioural complexity which are performance enhancing behaviours Furthermore leaders are distinguished by their unique mental attitude particularly in four roles they play motivation vision analytic and task master roles Combination of these with other attributes and characteristics enhances the leadership complexity This book is a useful material for those in the ministries academia and organisations of different sizes It's a book every leader must possess to comprehend the behavioural complexities relevant for organisational performance Emerging Practices in International Development Evaluation Stewart I. Donaldson, Tarek Azzam, Ross F. Conner, 2013-03-01 The impetus for this volume comes from reflecting on many years of experience successes and failures in development evaluation in Asia and Africa and from recent work supported by the Rockefeller Foundation on Rethinking Reshaping and Reforming Evaluation The concepts frameworks and ideas presented in this volume are a useful contribution to the ongoing efforts at rethinking reforming and reshaping international development evaluation They come from leading thinkers and practitioners in development evaluation research and academia who have recognized that development evaluation must evolve if it is to respond to the challenges of the 21st Century and play a meaningful role in social and economic transformation This volume will be of great interest to evaluation scholars practitioners and students particularly to those interested in international development projects programs and policies This book will be appropriate for a wide range of courses included Introduction to Evaluation International Development Evaluation Program Evaluation Policy Evaluation and evaluation courses in International Development International Relations Public Policy Public Health Human Services Sociology and Psychology **Second International Handbook of Educational Leadership and Administration** Kenneth A. Leithwood, P. Hallinger, 2012-12-06 The first International Handbook of Educational Leadership and Administration Leithwood et al was published in 1996 and quickly became something of a best seller for reference works within education Such success we suggest was at least partly due to the unprecedented global waves of concern for improving schools launched in the mid 1980's combined with a widespread belief in leadership as the single most powerful

contribution to such improvement The roots of this belief can be found in evidence produced by the early effective schools research although there is a romance with leadership as an explanation for success in many non school enterprises as well During the two year period during which this current handbook was being written activity in the realms of school leadership school improvement and leadership development gained further momentum The English government created its new National College of School Leadership and several Asian nations announced new initiatives in leadership selection preparation and development
