Gleich,Christian Pade,Ulrich Petschow,Eugen Pissarskoi,2010-03-18 There is a wide consensus about the necessity of sustainable development There is also a consensus that wide areas of our economy industry and technology and the life styles in industrialized countries are not sustainable Science and technology are widely regarded as main causes for this situation Issues in this context comprise the generally low resource efficiency an increased and mostly undebated technological power an increased invasiveness of modern technologies increasing amounts and variety of pollutants and high technological risks On the other hand science and technology are also regarded as main solution providers towards more sustainability Thus the question is which type of science and technology is rather a part of the problem and which type is rather a part of the solution Learning from nature may give some orientation in this context Biomimetics and bionics are widely regarded as being a part of the solution

Anarchist's Guide to Historic House Museums Franklin D Vagnone,Deborah E Ryan,2016-07-01 In these days of an aging traditional audience shrinking attendance tightened budgets increased competition and exponential growth in new types of communication methods America's house museums need to take bold steps and expand their overall purpose beyond those of the traditional museum They need not only to engage the communities surrounding them but also to collaborate with visitors on the type and quality of experience they provide This book is a groundbreaking manifesto that calls for the establishment of a more inclusive visitor centered paradigm based on the shared experience of human habitation It draws inspiration from film theater public art and urban design to transform historic house museums while providing a how to guide for making historic house museums sustainable through five primary themes communicating with the surrounding community engaging the community reimagining the visitor experience celebrating the detritus of human habitation and acknowledging the illusion of the shelter's authenticity Anarchist's Guide to Historic House Museums offers a witty but informed rule breaking perspective from authors with years of experience and gives numerous vivid examples of both good and not so good practices from house museums in the U S
