**Financial Services: The NAFTA Provisions** K. Schefer, 1999 This book examines the new and rapidly developing area of law relating to trade in financial services with a particular focus on the rules contained in Chapter 14 of the North American Free Trade Agreement NAFTA After a detailed analysis of the relevant provisions and their effect on financial institutions in Canada Mexico and the United States the author examines the impact of the NAFTA rules on the legal position of banks operating in countries outside NAFTA particularly in the context of the WTO financial services provisions The book concludes with a chapter on the effects of a potential NAFTA expansion The book aims to contribute to the development of a new legal and regulatory framework distinct from those of trade and financial services law and offers a valuable insight into how trade in financial services within a regional trade agreement develops its own legal dynamic Although the financial services provisions are seen as the cornerstone of NAFTA until now there has been very little in depth analysis of these provisions or of the effects on those not party to NAFTA in the literature in general This book's unique approach will make it of considerable interest to practitioners and researchers in international banking trade and economic law     Commonwealth Yearbook Nexus Strategic Publishers, 2015-09-15 The Commonwealth Yearbook is the flagship annual publication of the Commonwealth Secretariat with this special anniversary edition celebrating the Secretariat's 50th year Published annually the Yearbook is the essential reference guide to the countries organisations activities and values of the modern Commonwealth This special 2015 anniversary edition has been fully updated to include Strategic directions of the association as it prepares for the Commonwealth Heads of Government Meeting and Commonwealth People's Forum 2015 in Malta Programmes and partnerships adding global value in the areas of politics democracy and rights rule of law gender equality youth empowerment governance and natural resources health and education economics and trade and resilience in small and vulnerable states Moments of Commonwealth history recorded by historians and Secretariat insiders of the time A guide to the essential Commonwealth communiqués and declarations including those from the 2013 Heads of Government meeting in Sri Lanka and Commonwealth Charter Comprehensive profiles of 53 member countries including overseas territories An extensive statistics and reference section and the official directory of Commonwealth professional cultural and civil society development agencies
