Paramahansa Yogananda,1988 For all who are seeking a spiritually harmonious and balanced life this volume of selections from the writings and lectures of Paramahansa Yogananda provides a wealth of practical guidance and inspiration Filled with powerful and encouraging wisdom conveniently arranged by topic Where There Is Light brings the light of spiritual insight to bear on the challenges of everyday living awakening a renewed awareness of the infinite potentials hidden within each one of us *Yogoda* Swami Yogananda,Paramahansa Yogananda,2019-01-18 Will is the great dynamo lying within us The direction of Will is the fundamental principle of YOGODA The more you apply Will when asked to do so in the following exercises the better results you will get Never forget this If you neglect this while taking the exercises you will miss the thing of chief importance Remember whenever you direct your Will into any part of the body as you tense it you are sending down a quantity of nerve energy Pranic current or vital energy from the brain to that part The greater the flow of this Pranic current the stronger and better is its action on that particular part and the greater is the chance of the tissues of that part being revitalized by more rapid circulation and healthier Pranic adjustment Thus tissues will grow stronger and fresher In the tension of muscles by Will you turn on the Pranic current in them in relaxation you switch it off This Pranic current or motor nerve energy sent down by Will is not only an independent source of power to the muscles and other parts but it is also a most active agent in bringing about a better adjustment of the tissues It imparts more life to them too So remember while inducing high tension in a muscle or group of muscles to use maximum Will This is conscious Will as differentiated from

automatic will such as is used in walking etc But when you walk blind folded in the dark you have to use conscious Will and then you necessarily send down more nerve energy to the muscles and touch surfaces for better limb movement

Paramahansa Yogananda Original Praecepta Lessons of Swami Yoganandaji - Step I Paramhansa Yogananda,2025-03

Evidences of Praeceptas that it has came from Master Himself Swami Yogananda writes as fast as he receives them from the Infinite I am organizing a correspondence course here exactly like ours Dick is working hard setting up the correspondence course of Praecepta Lessons like that in America 1934 Footnote of the same letter Paramhansaji writes about the correspondence course the mailing from Ranchi of the printed Yogoda Lessons which he prepared with the assistance of Dick Wright when they were in India Paramhansa Yogananda to Rajarshi Janakananda in the book Rajarshi Janakananda A great Western Yogi letter of January 5 1936 Though CC correspondence course has not paid yet it has immortalized the Lessons which I would not have written without proper incentive Even in the circle of saints I hear highest praises about the Lessons for systematizing the steps of realization so scattered and buried in Yoga books An immortal work has been done Besides all our members and specially real seekers who cannot come in touch with me personally which is impossible to do life is too short and distances too great unanimously agree how well pleased they are with the Lessons I know from my experience in Europe and India that my Lessons are visible proof of the spreading of Lahiri Mahasaya s teachings Lectures evaporate from the minds of the many but written Lessons stand as permanent proof of the depths and practicality of a teaching We should never abandon the system of Lessons that s the only way of keeping our people steadily going on in this path Those that are thirsty would come to me or drink from my written teachings impregnated from my soul s perception
