

[13] *A Road in the Bois de St. Germain, near Gisors*, 1869

This painting enabled Monet to explore two of his favourite motifs – stone and trees. By applying small touches of pure colour in a spontaneous manner, he sought to recreate the shimmering effect of leaves brushed by the breeze and illuminated by a sudden shaft of sunlight.

sunlight, the trees could become the dominant feature of the landscape [13].

Monet is also famous for his paintings of gardens, sites where trees have been planted for aesthetic effect. As artefacts featuring overtly designed elements, gardens posed special problems for artists more attuned to painting natural places. However, the advantages for an Impressionist painter were many. The gardens were quiet and secluded, essentially outdoor studios, and the various tree species encountered there could be studied at close quarters, revealing their distinctive forms, colours and textures [14].

While Monet's fame rests securely on his poetic rendering of landscape and quality of light, in his early years as an artist he was an ambitious painter of figure compositions. It is significant that trees were often used in these works as a counterpoint to the figures, giving a strong visual structure to the composition. Even a single tree, strategically placed, could be used as a natural foil to a group of elegantly dressed women [15]. Although he had no shadow, for practical reasons, his large figure composition *art in the Forest of Fontainebleau*, his working study has fortunately survived, illustrating his artistic intentions [16]. He presents a

[14] *Garden of the Villa Mairea, Stockholm*, 1892

While working on the Italian Riviera, Monet gained permission to paint in a large private garden owned by Vincenzo Stuckert (1851–1912), a wealthy merchant, landowner and art-glass collector. Monet, already a lover of northern gardens, reflected the opportunity to paint this famous garden's many species of northern trees and shrubs. He used the exotic foliage to frame a view of the distant city walls.

Monet's Trees Ralph Skea, 2015-11-10 A powerful testament to the ephemeral beauty of nature from one of the best loved and most influential landscape painters of the last 150 years I perhaps owe it to flowers wrote Claude Monet 1840 1926 that I became a painter His fascination with trees while perhaps of equal intensity is less well documented One of the leading figures of the Impressionist movement and perhaps the most celebrated landscape painter of his age Monet dedicated his life to capturing the subtleties of the natural world Trees willows enveloped in the eerie mists of the Seine palm trees beneath the bright Mediterranean sun poplars heavily laden with snow became a significant motif in his work and he used them to experiment with an extraordinary variety of tones and colors Ralph Skea explores Monet's depictions of trees across more than seventy works including finished oil paintings and more fleeting sketches in oil pastel and pencil The book is divided into five main chapters each focusing on a different theme Monet's earliest drawings and paintings of trees his atmospheric use of rivers and coastlines from England to Italy the fields farmlands and orchards of France parks and gardens in both the city and the countryside and his muted depictions of trees in winter Skea's introduction draws together these threads putting them in the context of Monet's oeuvre as a whole and tracing his artistic development

Retrospection and Revision in Modern and Contemporary Art, Literature and Music Mette Gieskes, Mathilde Roza, 2024-01-03 This interdisciplinary book investigates the various ways in which North American and European modern and contemporary artists authors and musicians have returned to earlier works of their own engaging in inventive revivals and transformations of the past in the present The book is distinctive in its focus on such revisits as well as in the diversity of art forms under review in addition to visual art the book explores fiction poetry literary criticism film rock music and philosophy This scope together with the time span covered in the book from the 1850s to the twenty first century allows for a broad view on retrospection and revision The case studies presented here offer a multifaceted exploration of the widely different goals to which practitioners of the arts have made retrospection and revision functional against the background of cultural social political and personal forces
