, 1928 **Balinese Gamelan Music** Michael Tenzer, 2013-11-15 With extensive photographs and an audio CD this guide to
Balinese music showcases the history culture and art of the gamelan ceremony Bali has developed and nourished an
astonishing variety of musical ensembles called gamelan comprising dozens of instruments mainly made of bronze or bamboo
and organized into groups with as many as 30 to 40 players In Balinese Gamelan Music Michael Tenzer a noted Professor of
Music at the University of British Columbia Vancouver presents an introduction to many types of Balinese gamelan
ensembles each with its own established tradition repertoire and context The instruments and basic principles underlying the
music are introduced providing listeners with the means to better appreciate the music and its importance not only in Bali
but around the world The gamelan music of Bali is a centuries old kaleidoscope of sound and rhythm that is recognized today
as one of the world s most sophisticated musical traditions Despite rapid changes in contemporary village life hundreds of
groups still perform regularly around this tiny island from isolated mountain hamlets to the bustling precincts of Denpasar
Kuta and Ubud The primary function of gamelan music in Bali is to accompany religious rituals Each village typically
maintains several different gamelan sets using each one for a different set of occasions Music is memorized and rehearsed in
village meeting halls temples or private homes When a gamelan group accompanies a Balinese dance performance the close
coordination between the dancers movements and the music is established through a complex system of interactive cues and
responses Performance standards are extremely high and even with Bali s rapid modernization in recent years the gamelan
tradition remains vital and largely undiminished by outside musical influences **Een en ander over den gamelan**
