

EFFECTIVE MULTI-UNIT LEADERSHIP

There is a growing recognition of the increasing importance of 'local leadership' practice within multi-unit service contexts, given the threat to easily lost-based retail infrastructures from smart technologies. Multi-site organizations are exponentially significant, but curiously under-researched and poorly understood.

In *Effective Multi-Unit Leadership*, Professor Edger looks at that key managerial talent in the retail, hospitality and service sectors operating between the centre and unit – the Multi-Unit Leader (MUL). This distinct, area or regional manager, is tasked with maximizing revenue and profit from a complex and ambiguous positional space, being sandwiched between the centre and unit, facing the MUL paradox: how do they motivate unit managers and team members to provide great service while simultaneously fulfilling the Centre's compliance agenda?

Based on extensive case study research across a range of multi-unit service organizations, Edger advances an Integrated Model of MUL that elucidates how key activities (collected services, systems and standards – 354) are driven through behavioural practices (commitment, control and change – 354) underpinned by MUL personal characteristics (cognitive, emotional intelligence and energy – 354). Central to this model is the notion of 'portfolio optimization through social exchange' (POSE) where MULs apply 'local leadership', leveraging their portfolios through the dual application of exchange-based currencies.

Replete with case studies, *Effective Multi-Unit Leadership* will appeal to high potential unit managers, existing Multi-Unit Leaders who want to improve their performance levels, and retail/service directors wishing to train and coach their direct reports, as well as business educators and those with an academic interest in organizational studies.

For decades we have focused on what makes top leaders successful... Professor Edger has taken us to a different level and focuses on 'leading from the middle'... This book balances academic rigour with practical application ideas that can help companies use this undervalued group of leaders more effectively.

Reg Sindall, EVP Corporate Resources, Burberry plc.

Multi-Unit Leaders, working in constant tension between units and the centre, should read this book and then look again, as I did, at how they lead their teams to deliver results for customers and investors.

Jon Burke, Chairman and CEO, Rank Group plc.

Effective Multi-Unit Leadership is a refreshingly engaged inquiry into an important and under-researched topic. These findings will be of great interest to academics and practitioners alike.

Professor Duncan Angwin, Oxford Brookes University, UK.
