*Examples & Explanations for Professional Responsibility* W. Bradley Wendel, 2019-08-20

*Examples & Explanations for Professional Responsibility* Sixth Edition is a thorough and comprehensive text that can be used by students as a study aid and by professional responsibility teachers as a class text. It covers the whole field of professional responsibility focusing not only on the ABA Model Rules but on the often complex relationship between the rules and doctrines of agency, tort, contract, evidence, and constitutional law. Beginning with the formation of the attorney-client relationship, the book proceeds through topics including attorneys' fees, malpractice, and ineffective assistance of counsel; confidentiality and privilege; rules of conflicts of interest; witness perjury and litigation misconduct; advertising and solicitation; admission to practice and the organization of the legal profession. Coverage includes all subjects that are tested on the Multistate Professional Responsibility Exam (MPRE), including a chapter on judicial ethics, a subject tested on the MPRE and not often covered thoroughly, if at all, in law school professional responsibility courses. Updated discussion and examples based on recent developments in the law, including the ABA's simplification of the rules on advertising and solicitation, new Model Rule 8.4(g) on discrimination in the practice of law, the California Supreme Court's Sheppard Mullin opinion on advance waivers of conflicts, and continuing developments in the impact of technology on the practice of law. More MPRE-style multiple-choice questions in the Examples. New to the Sixth Edition: Revised and updated to reflect recent developments in the law having to do with lawyering, including new ABA rules, ethics opinions, and cases. New and revised examples and explanations in many chapters. Professors and students will benefit from comprehensive updated coverage of all areas of professional responsibility, with attention to areas that are particularly challenging for students as well as many practicing lawyers, such as conflicts of interest and privilege and confidentiality. A study aid that without teaching to the test provides students with thorough preparation for the MPRE, which is the first licensing exam that many law students take.
