The Food Chain Gizmo™ shows a **food chain** with hawks, snakes, rabbits, and grass. In this simulation, the hawks eat snakes, the snakes eat rabbits, and the rabbits eat grass.

- The **SIMULATION** pane of the Gizmo shows the current **population**, or number, of each organism in the food chain.

3. Compare the equilibrium populations of the four organisms. Why do you think populations decrease at higher levels of the food chain? [Because they depend on the lower parts of the food chain to survive.]

Project-Based Learning Applied to the Language Classroom Juliana Franco Tavares/ Louise Emma

Potter,2018-03-05 In Project Based Learning Applied to the Language Classroom the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language It is about teaching English as a second or foreign language using Project Based Learning PBL We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it but feel that there aren t enough materials based on this methodology In fact most researchers and writers we have come across discuss the applications of PBL in the students mother tongue to subjects such as Math History Literature Social Studies and Science However there are few published works about the specifics of PBL in foreign language classes Besides it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language [Nutrition guidelines and standards for school meals](#) Food and Agriculture Organization of the United Nations,2019-01-11 Setting nutrition guidelines and standards has been recommended internationally to ensure that school meals are in line with children s nutrition needs and adequate to their context This report provides a descriptive overview of the situation of school meal nutrition guidelines and standards in 33 low and middle income countries as reported through a global survey The report identifies key aspects to consider for stakeholders who are planning to develop or update their guidelines and standards in the context of school meal programmes [Hands-On STEAM - Life Science Gr. 1-5](#) George Graybill,2016-04-07 Spark curiosity in this great big world of ours by discovering how everything works and lives together with our Hands On Life Science resource for grades 1 5 Combining Science Technology Engineering Art and Math this resource aligns to the STEAM initiatives and Next Generation Science Standards Dive right in by getting a firsthand look at ecosystems and building your own terrarium Make information sheets for plants and animals complete with hand made drawings Design your own food chain while grasping the knowledge about producers consumers and decomposers See what traits you inherited from your parents while learning about different adaptations Learn about life cycles by studying a caterpillar s marvelous transformation into a butterfly Explore your own brain with memory games and tracking your heart rate and dreams while you sleep Each concept is paired with reproducible hands on experiments and comprehension activities to ensure your students are engaged and fully understand the concepts Reading passages graphic organizers before you read and assessment activities are included **Cornell University Resource Guide for Agricultural Education** Cornell Educational Resources Program,1998 **ENC Focus** , **Film and Video Finder**, 1997 ,1997 *Resources in Education* ,2000-04 **Science I Essential Interactions** ,2000-10 [The Software Encyclopedia 2001](#) ,2001 **Family Involvement in Education** ,1998 **Ecology: Teacher's ed** ,2005 **Increasing Your Mathematics and Science**
