Aneesh Suneja is an engineer and lean consultant who worked with Dr. Han to transform his practice. With the help of Suneja, Han's patients experienced an 85% reduction in non-value-added wait times and a corresponding 97% top box rating on patient satisfaction surveys strongly agree to recommend this doctor's office to others. Financially, his practice saw a 25% year-over-year increase in relative value units (RVU) production and a 41% increase in payments due to increased physician availability. If you are a physician, clinic manager, administrator, technician, or provider of health services in a clinic setting, you can use the guidelines described in this book to effect a transformation as well.
