Extracts From The Red Notebooks:

Extracts from the Red Notebook Matthew Engel, 2007 In 1979 when Matthew Engel started his journalist career he began to keep a commonplace book in which he has set down any quotes jokes or facts that made him laugh smile sigh cry or simply raise his eyebrows Over the next 27 years he completed 35 small red notebooks with the intention that his son Laurie who was developing similar tastes might one day read them But in 2006 Laurie aged thirteen died of a rare and vicious cancer after a two year battle Seeking solace wherever he could find it Matthew started re reading some of the notebooks and thought maybe other people might enjoy them This selection is a highly engaging and eclectic mix of fascinating thought provoking and frequently moving excerpts many saved from oblivion by the author's intelligent eye The cumulative effect of such stimulating material is to leave the reader with a genuine sense of awe at the stupidity intelligence imagination and humour of humanity The proceeds from The Red Notebooks will go towards the Laurie Engel Fund that is raising money in conjunction with the Teenage Cancer Trust to support the appropriate care of teenage cancer patients *Agatha Christie's Secret Notebooks* John Curran, 2010-03-30 Agatha Christie's Secret Notebooks is the fascinating exploration of the contents of Agatha Christie's long hidden notebooks including illustrations analyses and two previously unpublished Hercule Poirot short stories Not only will Christie's legions of ardent fans find a treasure chest of new material from the author of such classics as *And Then There Were None* *Murder on the Orient Express* and *Death on the Nile* but Agatha Christie's Secret Notebooks is also a must read tutorial for writers who want to learn the intricacies of constructing crime novels *Eleven Minutes Late* Matthew Engel, 2010-02-05 Britain gave railways to the world yet its own network is the dearest definitely and the worst probably in Western Europe Trains are deeply embedded in the national psyche and folklore yet it is considered uncool to care about them For Matthew Engel the railway system is the ultimate expression of Britishness It represents all the nation's ingenuity incompetence nostalgia corruption humour capacity for suffering and even sexual repression To uncover its mysteries Engel has travelled the system from Penzance to Thurso exploring its history and talking to people from politicians to platform staff Along the way Engel half John Betjeman half Victor Meldrew finds the most charmingly bizarre train in Britain the most beautiful branch line the rudest railwayman and after a quest lasting decades an Individual Pot of Strawberry Jam *Eleven Minutes Late* is both a polemic and a paean and it is also very funny *Engel's England* Matthew Engel, 2014-10-23 England says Matthew Engel is the most complicated place in the world And as he travels through each of the historic English counties he discovers that's just the start of it Every county is fascinating the product of a millennium or more of history still a unique slice of a nation that has not quite lost its ancient diversity He finds the well dressers of Derbyshire and the pyromaniacs of Sussex the Hindus and huntsmen of Leicestershire the goddess worshippers of Somerset He tracks down the real Lancashire hedonistic Essex and the most mysterious house in Middlesex In Durham he goes straight from choral evensong to the dog track As he seeks out the essence of each county from Yorkshire's broad acres

to the microdot of Rutland Engel always finds the unexpected Engel's England is a totally original look at a confused country a guidebook for people who don't think they need a guidebook It is always quirky sometimes poignant and often extremely funny **Harcourt and Son** Patrick Jackson, 2004-08 The title of the book reflects the fact that throughout his ministerial career as home secretary and chancellor of the exchequer under Gladstone Harcourt was supported by his son Lewis Loulou who acted as private secretary and confidential advisor and whose unpublished journals were one of the main sources for the book The author also made extensive use of other contemporary diaries particularly those of John Morley only recently made accessible and thousands of manuscript letters to and from Harcourt Jacket Cheep Theatrics! Robert Patrick, 1972

New Statesman, 1996 **The Red Dragon** Giuseppe Mattei, Charles Wilkins (of Merthyr-Tydfil), 1883 The Angry Years Colin Wilson, 2014-01-29 What were the achievements of the angry writers who emerged in the fifties Historically they gave birth to the satire movement of the 1960s Beyond the Fringe That Was the Week that Was and Private Eye Their satire and irreverence aroused enthusiasm in man and a new anti Establishment mood developed from Look Back in Anger and The Outsider All literary movements acquire enemies but the Angry Young Men of the 1950s accumulated more than most Why Wilson takes us on a journey back to this era and reveals fascinating and sometimes disturbing stories from the Greats including John Osborne Kingsley Amis Kenneth Tynan and John Braine to name but a few At all events the story of that period makes a marvellously lively tale which most importantly was recorded by someone who was actually there Darwin Studies M.J.S. Hodge, 2023-05-31 This is the second of a pair of volumes by Jonathan Hodge collecting all his most innovative revisionist and influential papers on Charles Darwin and on the longer run of theories about origins and species from ancient times to the present The focus here is on Darwin himself and the development of his theories Darwin is now such an iconic hero in our histories and such a commanding authority in our sciences that it has become a serious challenge to study him as just another disaffected medical student or would be vicar aspiring zoology professor or gentleman of independent means thinking about sexual reproduction in animals and plants about coral islands or about rock strata and fossils in post Napoleonic Edinburgh Cambridge South America and London But the challenge is one well worth taking up as the papers here demonstrate for such studies require us integrate the precise details of his inquiries with those larger scientific metaphysical religious and political issues of the day that a young ambitious philosopher and naturalist was then expected to engage This contextual understanding can then allow us to reinterpret his relations to such longer run legacies as Christian Platonism Enlightenment materialism and British capitalism Together with the companion volume devoted to those and other long run legacies this volume offers throughout reinterpretations of both the theorist and his theories *Darwin's Evolving Identity* Alistair Sponsel, 2018-03-21 Why against his mentor's exhortations to publish did Charles Darwin take twenty years to reveal his theory of evolution by natural selection In Darwin's Evolving Identity Alistair Sponsel argues that Darwin adopted this cautious approach to atone for his provocative theorizing as a young author spurred by that mentor the

geologist Charles Lyell While we might expect him to have been tormented by guilt about his private study of evolution Darwin was most distressed by harsh reactions to his published work on coral reefs volcanoes and earthquakes judging himself guilty of an authorial sin of speculation It was the battle to defend himself against charges of overzealous theorizing as a geologist rather than the prospect of broader public outcry over evolution which made Darwin such a cautious author of *Origin of Species* Drawing on his own ambitious research in Darwin s manuscripts and at the Beagle s remotest ports of call Sponsel takes us from the ocean to the Origin and beyond He provides a vivid new picture of Darwin s career as a voyaging naturalist and metropolitan author and in doing so makes a bold argument about how we should understand the history of scientific theories
