Extraordinary Knowing Science Skepticism And The Inexplicable Powers Of The Human Mind:

Extraordinary Knowing Elizabeth Lloyd Mayer, 2008-02-26 In 1991 when her daughter's rare hand carved harp was stolen Lisby Mayer's familiar world of science and rational thinking turned upside down After the police failed to turn up any leads a friend suggested she call a dowser a man who specialized in finding lost objects With nothing to lose and almost as a joke Dr Mayer agreed Within two days and without leaving his Arkansas home the dowser located the exact California street coordinates where the harp was found Deeply shaken yet driven to understand what had happened Mayer began the fourteen year journey of discovery that she recounts in this mind opening brilliantly readable book Her first surprise the dozens of colleagues who'd been keeping similar experiences secret for years fearful of being labeled credulous or crazy *Extraordinary Knowing* is an attempt to break through the silence imposed by fear and to explore what science has to say about these and countless other inexplicable phenomena From Sigmund Freud's writings on telepathy to secret CIA experiments on remote viewing from leading edge neuroscience to the strange world of quantum physics Dr Mayer reveals a wealth of credible and fascinating research into the realm where the mind seems to trump the laws of nature She does not ask us to believe Rather she brings us a book of profound intrigue and optimism with far reaching implications not just for scientific inquiry but also for the ways we go about living in the world

Awakening the Soul: Book 2 Bill Missett, 2005-10-18 I am absolutely in awe of your book It is an extraordinarily important work It will I humbly suggest change many lives Joseph W Dunn Jr Editor A R E Press I believe *Awakening the Soul Book 3* is the key to the 12th Step of Alcoholics Anonymous Susana K Oregon We all agree on the brilliance of this work Lisa Hagan literary agent Paraview Inc

Tuning the Student Mind Molly Beauregard, 2020-07-01 How can we rethink teaching practices to include and engage the whole student What would student experience look like if we integrated silence and feeling with empirical analysis *Tuning the Student Mind* is the story of one teacher's attempt to answer these questions by creating an innovative college course that marries the spiritual and the theoretical integrating meditation and self reflection with more conventional academic curriculum The book follows Molly Beauregard and her students on their intellectual and spiritual journey over the course of a semester in her class *Consciousness Creativity and Identity* Interweaving personal stories student writing and Beauregard's responses along with recommendations for further reading and a research appendix it makes the case for the transformative power of consciousness centered education Written in a warm engaging voice that reflects Beauregard's teaching style *Tuning the Student Mind* provides an accessible step by step template for other educators while inviting readers more broadly to reconnect with the joy of learning in and beyond the classroom

Soul Theft Bill Missett, 2008-10-22 DO NOT BUY THIS BOOK IF YOU OWN THE Trilogy or ATS Book 2 its primary source This the fifth book in the *Awakening The Soul* series is the story of the discovery of the suppression of almost all the traits of our spiritual nature by those who should have been protecting and enhancing them By the time you get to the end of this book you will understand what Western Religions have

done to the world This realization grew to the point where it became obvious this most vital information needed a wider more immediate audience for greater exposure than just to those actively seeking spiritual awakening These historically documented truths many presented here for the first time are something every contemporary Christian Jew and Muslim should know

Quantum Leadership Frederick Chavalit Tsao,Chris Laszlo,2019-07-30 In this new book Frederick Chavalit Tsao and Chris Laszlo argue that current approaches to leadership fail to produce positive outcomes for either businesses or the communities they serve Employee disengagement and customer fickleness remain high resulting in a lack of creativity and collaboration at all levels of entrepreneurial activity Investor demand for Environmental Social and Governance ESG continues to be poorly integrated into profit strategies Drawing on extensive research this book shows how changing a person s consciousness is the most powerful lever for unlocking his or her leadership potential to create wealth and serve humankind A wide range of practices of connectedness provide the keys The journey to higher consciousness changes people at a deep intuitive level combining embodied experience with analytic cognitive skill development Tsao and Laszlo show how leaders who pursue this journey are more likely to flourish with significant benefits to both business and society These include greater creativity and collaboration along with an increased capability to inspire people and produce lasting change Readers will come away with a deep understanding of quantum leadership and the day to day practices that can help them achieve greater effectiveness and wellbeing at work

Parapsychology Etzel Cardeña,John Palmer,David Marcusson-Clavertz,2015-07-25 Many people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events thinking of a long lost friend just before he or she unexpectedly calls or the ability to feel the presence of deceased loved ones What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists including Nobel laureates Most of these researchers have concluded that some of these phenomena do occur although we are far from explaining them to everyone s satisfaction This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology explaining what we know and don t know about so called psi phenomena such as telepathy precognition or psychokinesis Contributors evaluate the evidence for these phenomena accounting for factors such as selective memory wish fulfillment and incorrect methods or analyses in some cases offering psychological physical and biological theories Instructors considering this book for use in a course may request an examination copy here

Religion and American Cultures Gary Laderman,Luis León,2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers

will discover that Americans aren't largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine. And although most Americans believe in a higher power, the fastest growing identity in the United States is the none of those Americans who elect none when asked about their religious identity, thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized. The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities. The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions. The new third volume expands the range of topics covered with in-depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11, 2001. The fourth volume is devoted to complementary primary source documents. Stanford, 2007. The Paranormal Kenneth Partridge, 2009.
