For Zion's Sake Paul Richard Wilkinson, 2008-12-01 By locating Christian Zionism firmly within the Evangelical tradition Paul Wilkinson takes issue with those who have portrayed it as a totally unbiblical menace and as the roadmap to Armageddon Charting in detail its origins and historical development he argues that Christian Zionism lays the biblical foundation for Israel's restoration and the return of Christ No one has contributed more to this cause than its leading architect and patron John Nelson Darby an uncompromising champion for Christ's glory and God's truth This groundbreaking book challenges decades of misrepresentation and scholarship exploding the myth that Darby stole the doctrine of the pre-tribulation Rapture from his contemporaries By revealing the man and his message Paul Wilkinson vindicates Darby and spotlights the imminent return of the Lord Jesus Christ as the centerpiece of his theology *Philosophical Dynamics 2*

Daniel John, 2013-08 The greatest of leaders are continuously interested in excellence *Philosophical Dynamics 2* Paths of Leadership is an expedition designed to provide unique panoramic insight into facets of excellence in leadership whether in any organization or for any individuals in their own personal lives The term leadership can be encountered in any number of paradigm statements by any number of organizations The big picture reality is that various forms of individual and collective leadership will affect every human being in one way or another In personal matters in societal logistics in business in government in military in international affairs questions of life and death are frequently at hand and leadership can be a matter of survival Since every human being arguably has imperfections there will always be room for improvement in leadership And yet at the same time we can suspect that excellence in leadership is not so much a quality that can be hastily forced into reality as it is a quality that has to develop gradually over time in naturally balanced ways Meanwhile the world continually moves into increasing levels of complexity and into potential dangers beyond that which it has already seen Therefore skillful leadership will be arguably more critical than ever before We will observe some of the most significant high points from an array of excellence in leadership Our primary objective will be to identify some of the most strategic aspects and to be able to adapt them into our own operations **The Preacher's Complete Homiletical Commentary on the Old**
